Gentlemen:

Amoco Production Company requests that our Midwest Nonombre Pressure Maintenance Project be reclassified as a salt water disposal system. Our Midwest Nonombre PMP Well No. 1 (Harris State No. 1) is the well into which we are currently injecting produced water from three wells located in Section 32, T-13-S, R-34-E, Lea County, New Mexico. The wells which produce water are our State "C" Well No. 1 and State "FO" Well Nos. 1 and 3. The disposal volumes will be reported monthly on Form C-120a.

Yours very truly,
