Dear Sir:

Enclosed with this request is a copy of form 9-331 which is self explanatory. It was brought to my attention since we are disposing of our salt water thru this well the classification should be changed.

Please consider this a request to classify the well as a salt water disposal well.

Thank you for your patience in this matter. I have gone back and filed form C-120A as of July 1973 to date. This was sent to the Hobbs office.

Very truly yours,  
Helen R. Krug, co-owner
