**RE: *Injection Pressure Increase***  
***A. H. Blinebry Federal NCT-1 No. 11***  
***Lea County, New Mexico***

Dear Mr. Lackey:

Reference is made to your request dated January 17, 1995, to increase the surface injection pressure on the A. H. Blinebry Federal NCT-1 Well No. 11. This request is based on a step rate test conducted on the well on December, 28, 1995. The results of the test have been reviewed by my staff and we feel an increase in injection pressure on the well is justified at this time.

You are therefore authorized to increase the surface injection pressure on the following well:

Well and Location	Maximum Injection Surface Pressure
A. H. Blinebry Federal NCT-1 No. 11 Unit L, Section 28, Township 22 South, Range 38 East, NMPM, Lea County, New Mexico	1315 PSIG

The Division Director may rescind this injection pressure increase if it becomes apparent that the injected water is not being confined to the injection zone or is endangering any fresh water aquifers.

Sincerely,
