RE: C-108 SWD Application
Compromise "AEJ" Fed #1
Sec. 30-T18S-R27E
Eddy Co., NM

Dear Mr. Morrow:

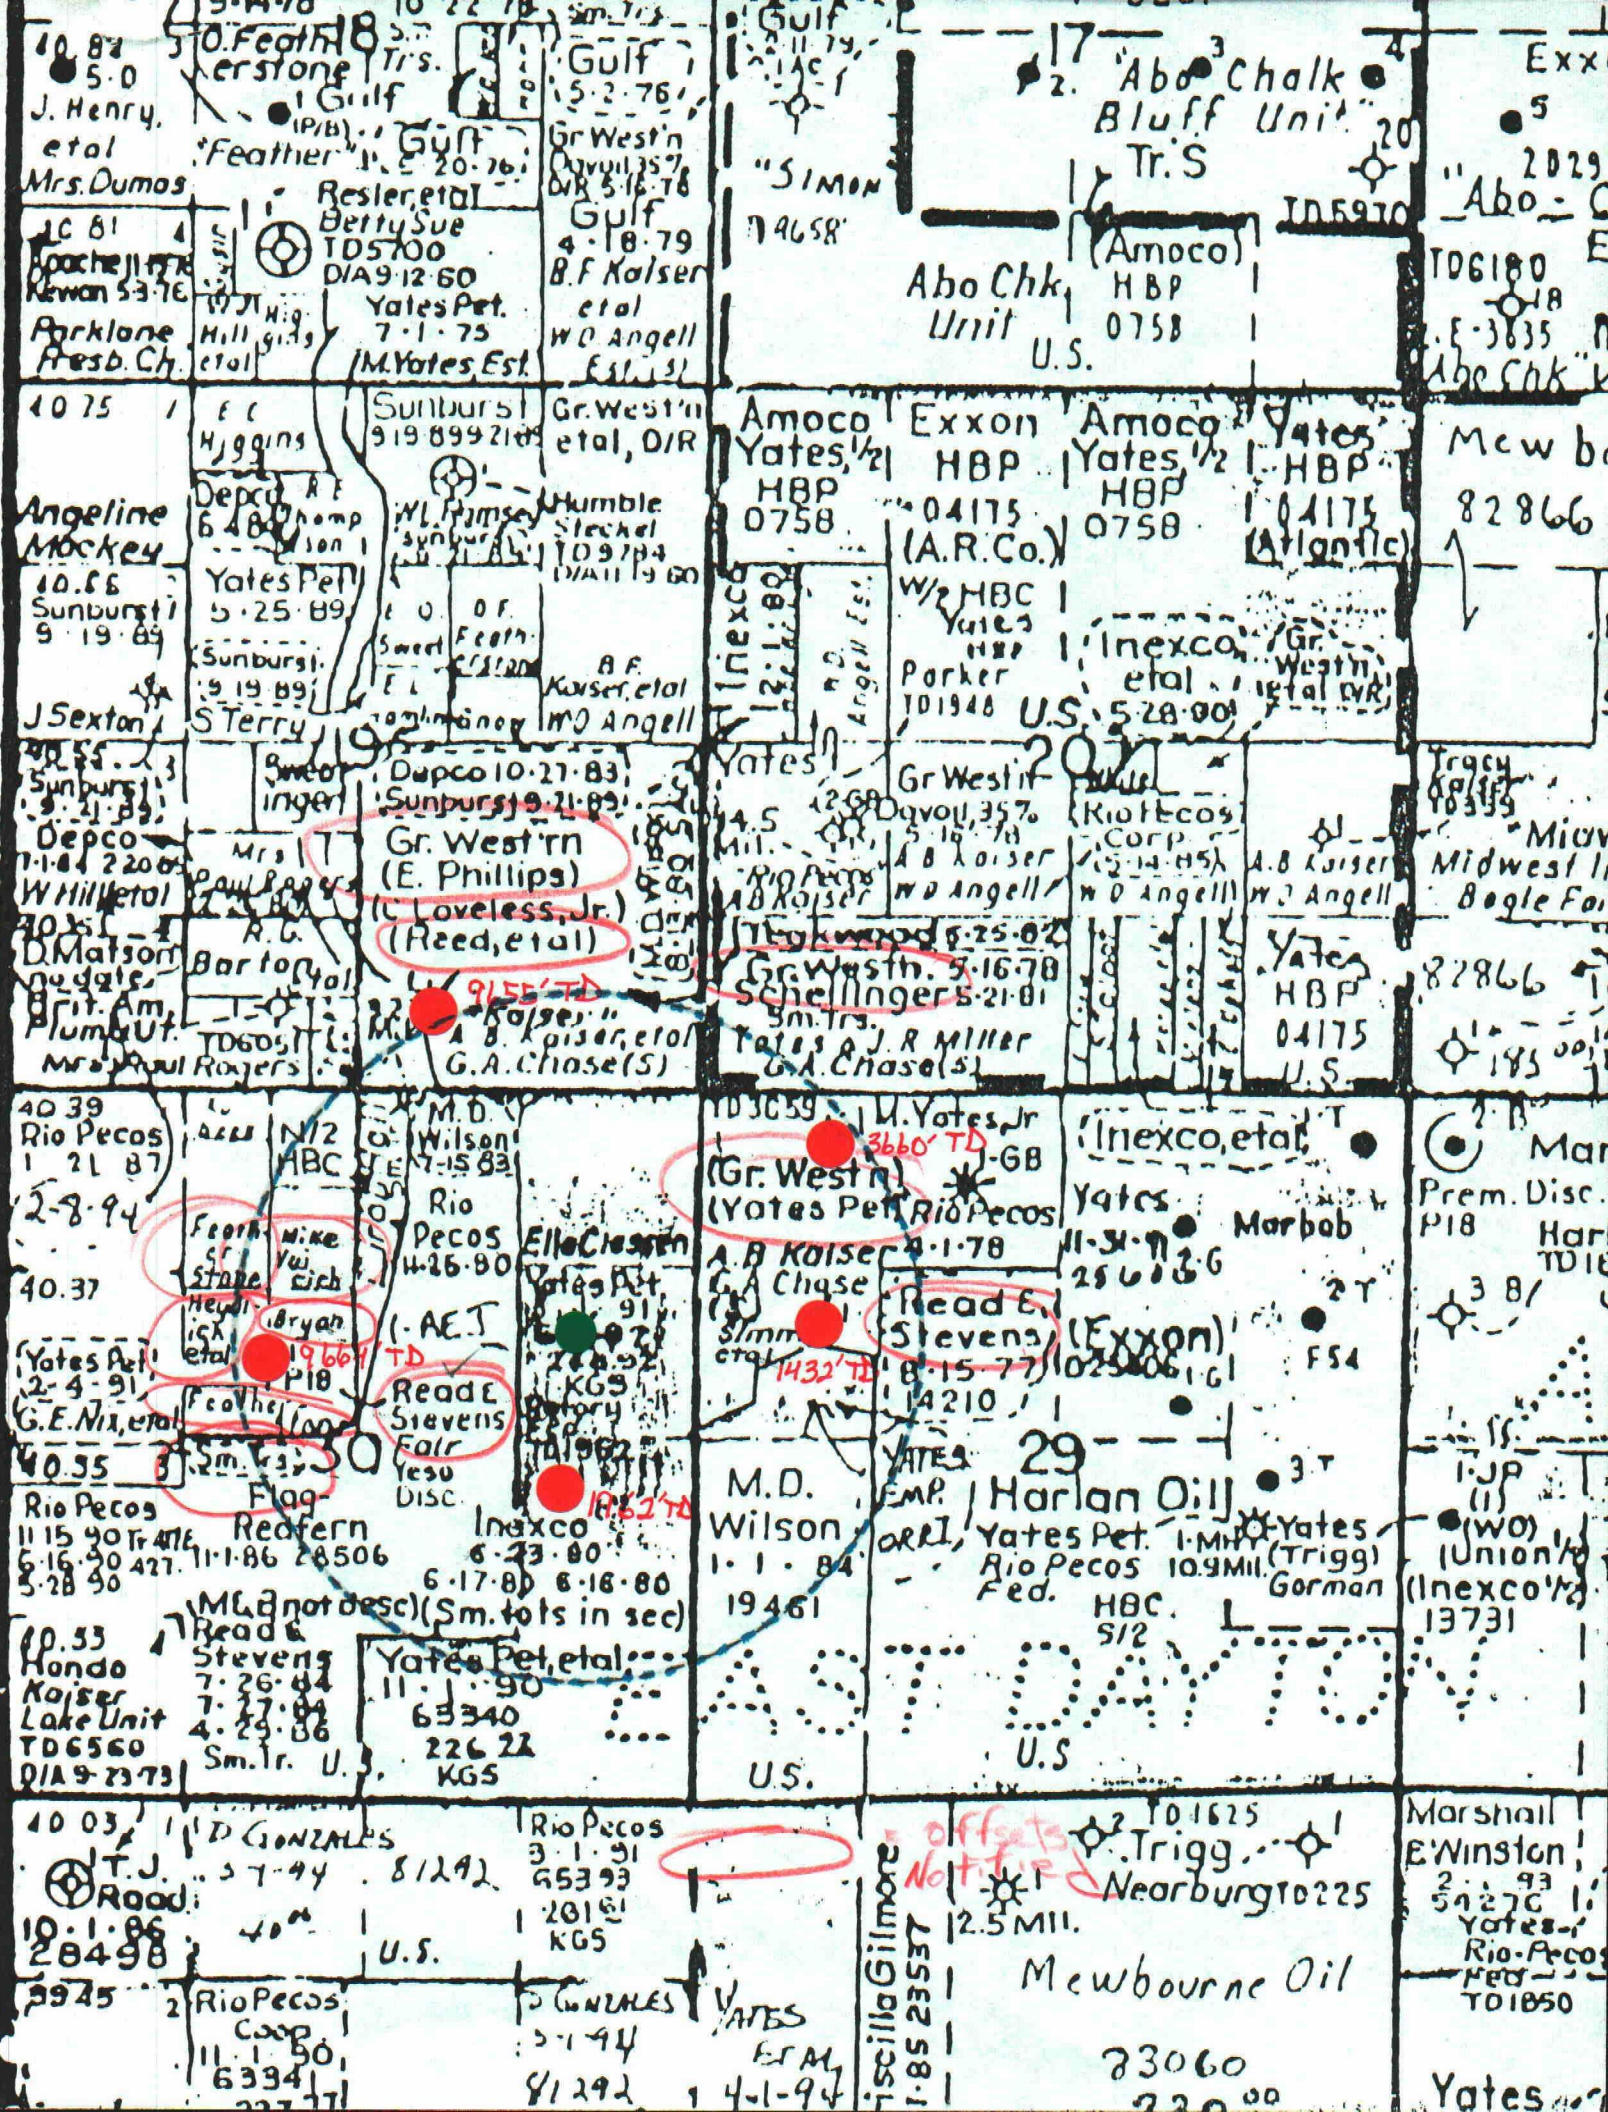

1. Attached, per our phone conversation, is an enlarged land plat showing the area within a one half mile radius of the proposed water disposal well, the Compromise "AEJ" Fed #1.
2. Concerning water wells within one mile of the proposed well, there are no water wells within one mile of the proposed well.
3. Concerning the compatibility of the Dagger Draw Canyon injected water and the Canyon formation water in the proposed well, the injected water comes from the same formation as that proposed as the disposal zone in the captioned well. Since Canyon water will be disposed in the Canyon formation, there should not be a water compatibility problem.
4. Please call me at 748-1471 if you have questions.

Sincerely,

Brian Collins
Petroleum Engineer

Dear Ms. Stilinovich:

We appreciate your letter of July 30, and your call of August 2, 1990. You indicated on August 2nd that you have decided to withdraw your objection to the Yates Petroleum Corporation application for authority to inject produced water into their Compromise "AEJ" Fed Com No. 1 well located in Unit H of Section 30, Township 18 South, Range 27 East, Eddy County, New Mexico.

For your information, it now appears that the application will be approved on August 13, 1990.

Thank you again for contacting us.

Sincerely,

JIM MORROW,
Chief Petroleum Engineer

Dear Sirs:

This letter is in response to the Application For
Authorization To Inject.

Under no circumstances do we approve using these wells
for disposal purposes. We are hereby filing our objection
to this proposal.

Sincerely,

Pauline Stilinovich

Attention: Mr. Jim Morrow

Re: Compromise "AEJ" Federal #1
Township 18 South, Range 27 East, NMPM
Section 30: E/2
Eddy County, New Mexico

Dear Mr. Morrow:

Enclosed please find a revised plat showing dry holes, producing wells and offsetting operators in the Compromise "AEJ" Federal #1 area. All of the wells in the one half mile radius circle are dry. Yates Petroleum Corporation is the operator of the following producing wells:

Compromise "AEJ" Fed. #1 - N/2 of Section 30
Rio Pecos "GB" Fed. #1 - N/2 of Section 29
Rio Pecos "MH" Fed. #1 - S/2 of Section 29
Rio Pecos "GB" Fed. #2 - W/2 of Section 20

These gas wells have a 320.00 acre proration unit.

We realize we made a mistake by sending notification letters to surface owners and apologize for the confusion this caused.

We would appreciate approval of this Salt Water Disposal application at your earliest convenience.

If I may be of further assistance, please advise. Thank you.

Very truly yours,

YATES PETROLEUM CORPORATION
