Dear Mr. Martin:

As an exception to the requirements contained within Division Order No. SWD-523, a one year extension is hereby granted to convert the Dodd Well No. 1, located in Section 22, Township 17 South, Range 29 East, NMPM, Eddy County, New Mexico, to a disposal well. Such extension is granted provided that prior to commencing injection operations, the applicant shall advise the Division if any changes in the following items have or will occur since the effective date of the permit:

- a) Injection well configuration and operating parameters;
- b) Area of review (New wells drilled, wells plugged, etc.)

If you should have any questions, please contact Mr. David Catanach at (505) 827-5800.

Re: Administrative Order SWD-523
Effective Date - July 24, 1993
Dodd Well No. 1
SE/4, Sec. 22, T-17S, R-29E
Eddy County, New Mexico

Dear Mr. LeMay:

Marbob Energy Corporation respectfully requests a one year extension covering the above referenced Administrative Order. Marbob Energy Corporation has strong intentions to convert this plugged and abandoned well bore into a salt water disposal well. Because this well bore is situated on federal lands, we have run into problems with the Bureau of Land Management concerning archaeological regulations. It appears that it may take three to six months to obtain clearance from the BLM to set up a drilling rig on this location.

We appreciate your consideration of this request. Please call me at 748-3303 if you should require anything further concerning this matter.

Sincerely,

David Martin
