*Re: Request for Extension of  
Implementation Period for  
Division Order SWD-545*

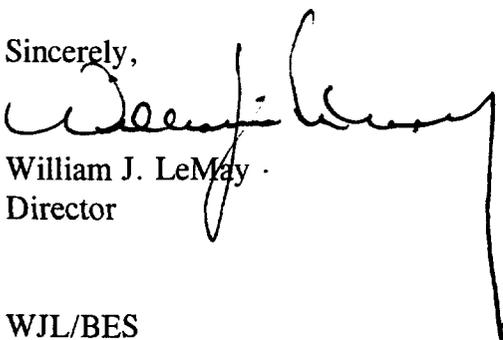

Dear Mr. Brown,

My staff has reviewed your request to extend the implementation period on the above referenced Division Order. As only minor changes have occurred in the area of review and in the absence of objection, the expiration date of the SWD-545 is hereby extended to May 15, 1996.

In the event any drilling activity occurs in the subject area of review, the operator will notify the Supervisor of the Hobbs District office and the Division office. An administrative review of the permit will be conducted, and the status of the permit will be determined.

All other provisions and conditions of SWD-545 and Division Rules 706 and 1120 shall remain in full force and effect.

Sincerely,

  
William J. LeMay  
Director

Dear Mr. Stone:

The above noted salt water disposal permit was issued December 28, 1993 and expired December 28, 1994. Barbara Fasken respectfully requests that Order SWD-545 be reinstated and extended for another year.

There have been three changes in the area of review since the original application:

1. New offset operator - Purvis Operating Co. took operations formerly held by Brothers Production Co.
2. Purvis Operating Co. reentered a plugged well for SWD.
3. Barbara Fasken drilled Wingerd #14 as new Devonian producer.

Attached are new well data for the above noted changes to the AOR.

A copy of this request has been furnished to:

Purvis Operating Co.
