Unit Letter P, Section 25-20S-37E
North Hardy-Strawn & North Hardy-Tubb-Drinkard Pools
Lea County, New Mexico

Dear Ms. Ritchie:

We are in receipt of your letter of November 3, 2000. Your letter requests our approval to surface commingle the production from the above captioned well at the SEMU Strawn battery located in the SW/4NE/4 of Section 25-20S-37E.

It is our understanding that the production will be allocated to each lease by separately metering the production from each lease prior to commingling.

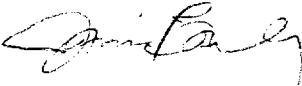

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management.

Your \$30.00 dollar filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

RAY POWELL, M.S., D.V.M.
