Re: Surface Commingling Application

Dear Mr. Manthei:

I have reviewed your application dated April 26, 2001, to surface commingle gas production from the Crooked Canyon, Leggett Federal, etc., and am requesting the following additional information:

- a) Has an application been submitted to the BLM and to the Commissioner of Public Lands (State Land Office)? If so, have you obtained their approval?
- b) It appears that all working interest owners were notified of this application. An application like this requires that all interest owners, including royalty and overriding royalty interest owners be notified. If this has not been done, it need to be.
- c) I am unable to determine from the C-102's on some of the wells, what acreage is dedicated to these wells. Please send me this information on the Little Box State No. 2, Little Box State No. 3, Sweet Thing 36 State No. 2, and Nasser Federal No. 1.
- d) What pool is each of the wells producing from?

Your application will be processed upon receipt of the requested data. If you should have any questions, please call me at (505) 476-3466.

Sincerely,

David Catanach

Dear Mr. Catanach:

The following data is provided in response to your request for additional information. The information below is submitted in addition to the original Surface Commingle Application dated April 24, 2001.

- a) A surface commingle application has been filed and approved with the BLM. It is my understanding that the Commissioner of Public Lands approval has been obtained in the past once the OCD formally approves an application and assigns a PCL order number. If this is not the case, please advise and I will be happy to file application with the Commissioner of Public lands immediately.
- b) A notification list of all interest owners of all leases involved are enclosed under this cover.
- c) C-102 plats of the Little Box State #2, #3, Sweet Thing 36 State #2, and the Nasser Federal #1 have been identified with marks outlining the dedicated acreage and are enclosed.
- d) All pool formations have been identified on Page 3 of the original application and is also enclosed for review.

Your consideration and subsequent approval are greatly appreciated. I will be available to assist you with any additional questions or concerns and may be contacted at (505) 394-1649.
