Re: "Off-Lease Storage - Rule 309-C, Item #6"

Dear Sir:

Anadarko Production Company hereby requests your permission to proceed with an application to the NMOCC for "Off-Lease-Storage". See Exhibits #1 & #2 for area involved. This request would involve moving State Lease oil only.

We propose to relocate the production from the Continental State #1, #2, #3, #5, (Sec. 10, Unit Letters A, G, B, & M - T19S, R29E) Continental State #6 & #7 (Sec. 9 Unit Letters O & I - T19S, R29E) Continental State A #4 (Sec. 16 Unit Letter A - T19S, R29E) Dickey Sullivan #1 & #2 (Sec. 15 Unit Letters D & C - T19S, R29E) Eddy County, New Mexico to Sec. 9 Unit Letter P, T19S, R29E, Eddy County, New Mexico

It is our intention to build a new tank battery at Unit Letter P, Sec. 9, consisting of four oil storage tanks and four gun barrels. Production from the Continental State 1, 2, 3, 5, 6 & 7, Continental State A-4, Continental State B-1, and the Dickey Sullivan 1 & 2 will be maintained separately.

This consolidation is proposed for four reasons:

1. Existing facilities were not designed to handle produced water. The new batteries will incorporate atmospheric gunbarrels. This will permit transferral of produced water to water plant for disposal.
2. The old facilities are junk. New facilities could be built at this central location and put into service with a minimal of down time.
3. Consolidation reduces maintenance and gauging time.
4. Consolidation would reduce road maintenance since travel would be more centralized.

Your prompt approval of this move will allow Anadarko to proceed with other stipulations set forth in Rule 309-C.

Yours very truly,
