OFF-LEASE STORAGE ORDER OLS-149

Anadarko Production Co.
P.O. Drawer 130
Artesia, NM 88210

Attention: Truman D. Jones

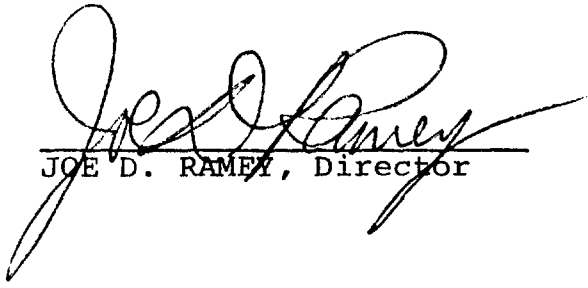

As an exception to the requirements of Rule 309-A of the Division Rules and Regulations, and pursuant to the provisions of Rule 309-C, the above-named company is hereby authorized off-lease storage for the Loco Hills-Queen, Grayburg, San Andres Oil pool production from the following lease:

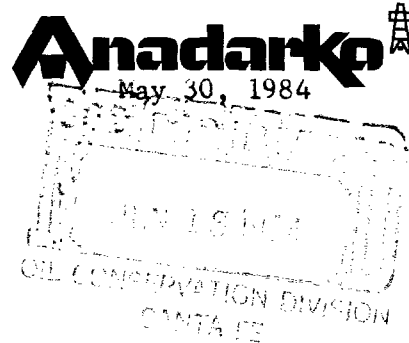

Lease Name: Kemper State Lease
Description: Sec. 16, T-18S, R-29E, Eddy County, NM

The aforesaid production is to be transported prior to measurement to its own tank battery to be located in Unit H,, Section 17, Township 18 South, Range 29 East on the Travis "D" Federal Lease.

NOTE: This installation shall be operated in accordance with the provisions of Rules 309-A and 309-B of the Division Rules and Regulations, and there shall be no intercommunication of the handling, separating, treating, or storage facilities designated to each of the above leases.

DONE at Santa Fe, New Mexico, on this 25 day of June, 1984.

JOE D. RAMEY, Director

Mr. Joe Ramey
State Petroleum Engineer Secretary-Director
P. O. Box 2088
Santa Fe, New Mexico 87501

Dear Sir:

Anadarko Production Company hereby requests administrative approval for "Off Lease Storage". (Rule 309-C)

We propose to locate a tank battery for our Kemper State lease (Sec. 16, T18S, R29E) adjacent to our Travis "D" Federal tank battery located in Sec. 17, Unit Letter H, T18S, R29E, Eddy County, New Mexico.

With your approval we will use some existing facilities located at the Travis "D" Fed. site (1 - 250 bbl stock tank, 1 - 210 bbl produced water tank and flow lines and equipment to dispose of produced water). We will install a pressurized heater-treater, circulating pump and fittings to utilize the 250 bbl stock tank. By using these existing facilities we will not have to build roads, pads for tank battery and equipment or lay additional flowlines for oil or produced water disposal.

There will be no commingling of oil between the Kemper State lease and the Travis "D" Federal lease as each lease will have separate facilities independent of each other.

The following Exhibits are enclosed for your information:

Exhibit #1 - Small scale map showing location of leases in relation to Loco Hills, New Mexico Townsite.

Exhibit #2 - Small scale map showing leases involved.

Exhibit #3 - Proposed new tank battery layout.

Exhibit #4 - Proof of ownership.

Exhibit #5 - Plat showing location of wells, formation(s) completed in and location of new tank battery.

Exhibit #6 - Letter from Commissioner of Public Lands.

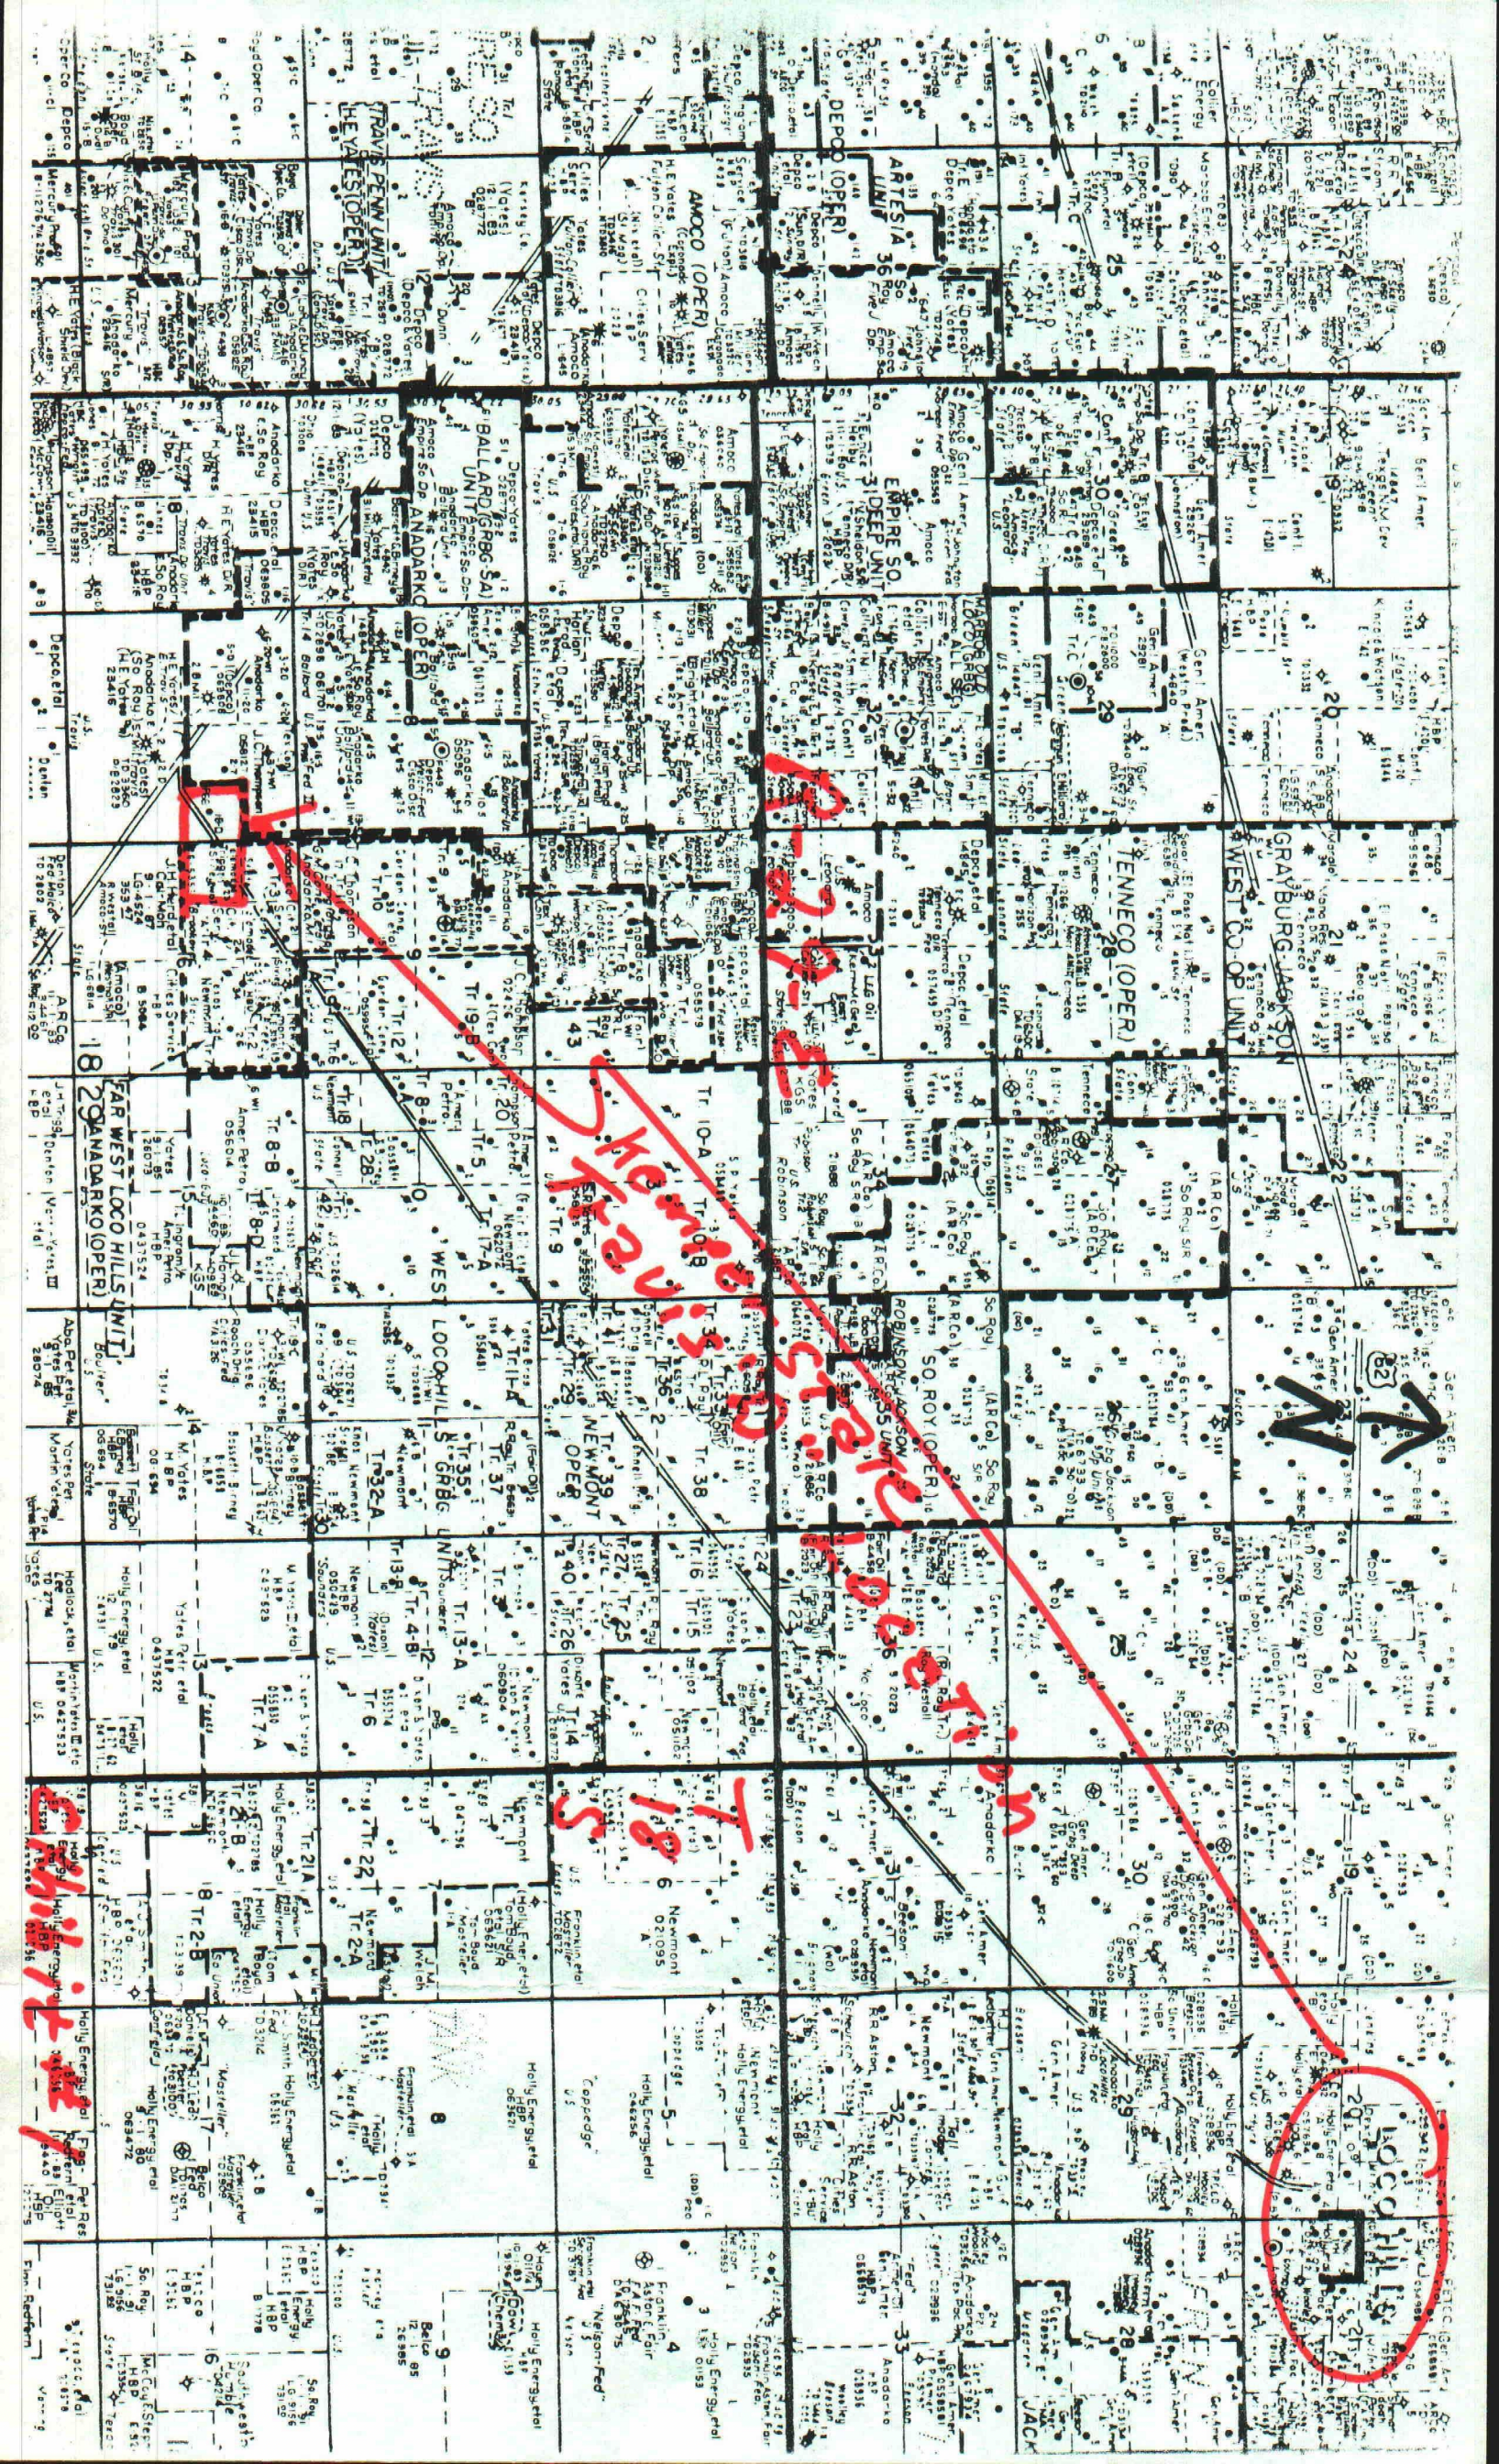

If further information is needed, please contact me at the address or telephone number shown in our letterhead. Your prompt approval of this "Off-Lease storage facility will be greatly appreciated.

Yours very truly,

Truman D. Jones, Field Foreman

Re: Off Lease Storage
Kemper State Well No. 1
SW/4NW/4 Sec. 16-18S-29E
Eddy County, New Mexico

ATTENTION: Mr. Tuman D. Jones

Gentlemen:

Reference is made to your letter dated May 24, 1984, wherein you have requested our permission to proceed with an application to the NMOCC for Off Lease Storage of the production from the Kemper State Well No. 1 located in Section 16, Township 18 South, Range 29 East, to an existing tank battery located in Section 17, Township 18 South, Range 29 East.

You are hereby given approval to the above request, provided that there shall be no commingling or intercommunication of production between handling, separation, treatment or storage facilities and you comply with our State Land Office Oil and Gas Rule Nos. 1.053 and 1.054, a copy of which has been enclosed. Any deviation from your proposed request will be reason to cancel our approval. Our approval is subject to like approval and all requirements of the New Mexico Oil Conservation Division.

Please remit a filing fee in the amount of Thirty (\$30.00) Dollars.

Very truly yours,

JIM BACA

Re: Off Lease Storage - Rule 309-C, Item #6

Dear Sir:

Anadarko Production Company hereby requests your permission to proceed with an application to the NMOCC for "Off Lease Storage". See Exhibits #1 and #2 for area involved. This request would involve moving State Lease oil only.

We propose to relocate the production from the Kemper State #1 (Sec. 16, Unit Letter E, T18S, R29E) Eddy County, New Mexico.

It is our intention to use facilities at an existing tank battery located in Sec. 17, Unit Letter H, T18S, R29E, Eddy County, New Mexico. This existing battery with only a few changes: erecting a pressure type heater-treater and revamping a few connections will give us two separate tank batteries independent of each other at this location.

This consolidation is proposed for three reasons:

- (1) The proposed facility is located as such that it will permit transferral of produced water to a water injection plant for disposal.
- (2) There are no production facilities at the present location, therefore no roads or tank grades would have to be built if we utilize Off Lease Storage.
- (3) Consolidation reduces maintenance and gauging time.

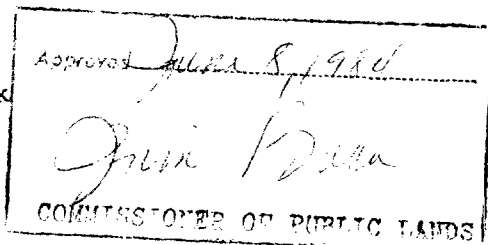

Your prompt approval of this move will allow Anadarko to proceed with other stipulations set forth in Rule c09-C.

Yours very truly,

Truman D. Jones
