Gentlemen:

As you are aware, the captioned properties (plat attached) are currently producing into separate tank storage facilities. However, the ownership under these properties is common.

In order to consolidate field operations, and minimize cost of new storage facilities, as Operator we are requesting administrative approval from the Oil Conservation Division to commingle said properties into one central storage facility.

Periodic production tests will be taken to allocate production to each separate property. Your disbursements will not be affected in any way. In the event you object to this commingling procedure, please so notify the Oil Conservation Division within twenty (20) days of receipt of this letter.

Should you have any questions, please contact our office at 505/623-6133. Your cooperation is greatly appreciated.

Yours very truly,

PUEBLO OPERATING CO., a division
