Dear Mr. Biernbaum:

This office is in receipt of your letter of June 15, 1994, wherein you have requested our approval to commingle the South Dagger Draw Upper Penn Associated Pool production from the Stinking Draw Lease (K-1877 & E-10169) with the production at the Indian Hills State Com central battery listed in commingling Order CTB-375.

It is our understanding that production from the Stinking Draw Lease (Well Nos. 1 & 2) will be separated and metered prior to delivery of the oil and water to the Indian Hills State Com central battery.

Since it appears that there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for surface commingling the above-mentioned wells is hereby approved. Any deviation from the substance of your request will be sufficient grounds for rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division.
