Gentlemen:

Devon Energy Corporation (Nevada) as Operator of the referenced leases respectfully requests that the Division Director grant an exception to Rule 309-A to permit the commingling of production from the referenced leases into a common tank battery, without notice and hearing.

Attached you will find a plat of the leases and the wells subject to this application. The Division should be advised that the Todd "25D" Federal No. 4 (located on Lease NM 0405044-A) is currently in the completion stage in the Brushy Canyon interval. The Todd "25E" Federal No. 5 and any additional wells located on Lease NM 0544986 are scheduled to be drilled and completed in the Brushy Canyon interval in the next few weeks. Also attached is a schematic diagram of the commingling facility to be located on the pad of the Todd "25" Federal No. 1-Z, an existing ~~Atoka/Morrow~~ well.

As evidenced by the attached letter, all parties owning an interest in the leases and the purchaser of the commingled production have been notified by certified mail regarding this application.

Please feel free to contact the undersigned at 405-552-4633 if there are any questions.

Thank you for your cooperation.

Yours very truly,

DEVON ENERGY CORPORATION (NEVADA)

Gentlemen:

This letter is to advise you that Devon Energy Corporation (Nevada) shall file an application with the New Mexico Oil Conservation Division seeking administrative approval for an exception to Rule 309-A to permit the commingling of production from the referenced leases into a common tank battery.

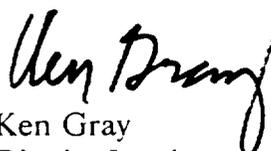

A copy of our letter of request submitted to the Division is attached.

Any objections to or requests that a hearing should be held pertaining to this application must be submitted to the Division within 20 days from the date of Devon's application.

If there are any questions, feel free to contact the undersigned at 405-552-4633, or Mr. Chuck Horsman.

Yours very truly,

Re: Surface Commingling Application  
Section 25-23S-31E  
Eddy County, New Mexico

Gentlemen:

In response to your August 23, 1993 letter requiring additional information regarding the referenced application, please be advised that it is not Devon's intention to commingle production from multiple pools. It is our intent to commingle only that production from the Ingle Wells Delaware field.

By copy of this letter to Mr. Shannon Shaw with the BLM in Carlsbad, we are advising the BLM of our pending application.

Feel free to contact the undersigned at 405-552-4633 if you have any questions.
