Re: Commingling Application for Production  
Bluitt (Wolfcamp) Field  
Roosevelt County, New Mexico

Dear Sirs:

Per your request I am sending a list of working interest owners in the proposed commingling facilities. Also attached is a copy of receipts showing that all working interest owners were notified by this office as to our intentions to commingle the H. L. Brown, Jr. operated wells in the Bluitt (Wolfcamp) Field. Royalty owner approval for the W. L. Perkins lease is also included in case documentation is required by your office.

If any additional information is required, please contact this office at the address and telephone number above.

Yours truly,

  
Mike Feagan  
Production Engineer

Re: Commingling of Production  
Bluitt (Wolfcamp) Field,  
Roosevelt County, NM

Dear Les:

This is to confirm that I, as a royalty owner under the H. L. Brown, Jr. - Perkins #1 well located in Section 10, T-8-S, R-37-E, have no objection to your plans to commingle production from this well with other wells in the field at a central battery. I understand that both gas and condensate volumes will be measured at the wellheads of all wells in the field, and total field production will be allocated back on the basis of these wellhead meters so that I will receive my fair share of royalty.

Yours truly,

A handwritten signature in cursive script that reads "Arlon Perkins".
