REQUEST FOR ADMINISTRATIVE  
APPROVAL, LEASE COMMINGLING

Richard L. Stamets  
Oil Conservation Division  
P. O. Box 2088  
Santa Fe, New Mexico 87501

Gentlemen:

Chevron U.S.A. Inc. respectfully requests administrative approval for an exception to Rule 309-A to permit commingling of production from two leases, Chevron's Lea "TZ" State and Lea "UA" State. The Lea "TZ" State Well #5 was completed in the South East Scharb Wolfcamp in March, 1985. Permission was received from the OCD, Hobbs District Office, to temporarily commingle the Wolfcamp production from Well #5 with the Wolfcamp production at the Lea "UA" State Battery, located in Section 16-T19S-R35E, Lea County, New Mexico. In support of this application, Chevron U.S.A. Inc. states the following facts:

1. All production is from a common source, the Wolfcamp.
2. All wells will be tested monthly to determine correct production allocation.
3. A letter of consent was received from the purchaser and is attached.
4. Permission to commingle will prevent waste and unnecessary production expense by eliminating the need to construct a new tank battery.

Also included with this application is a battery schematic, diagramming the test and production facilities, and a lease plat to reference the location.

In view of the facts submitted, Chevron U.S.A. Inc. requests that administrative approval of the lease commingling be granted.

Yours very truly,

R. C. ANDERSON

Dear Bob:

We have been advised by Jim Baker in Gulf's Midland office that effective June 1, 1985 the Gulf operated Lea TZ State #5 (Permian Lease No. 564915) and the Lea UA & Lea TZ State (Permian No. 563793) have been commingled in the Scharb S.E. (Wolfcamp) formation. Permian will run the oil from the commingled lease under the lease name Lea UA & Lea TZ State with lease No. 564915. Should you have any questions, please advise.

Yours very truly,

THE PERMIAN CORPORATION
