Gentlemen:

Enclosed for your approval are three executed copies of the Sundry Notice on the captioned lease.

This well was recently drilled and completed as an oil well. It also produces casinghead gas in quantities which we believe will be commercial. There is a sales outlet at the Turner "B" Battery located approximately  $\frac{1}{2}$  mile from this lease. Gas is presently being sold from this point for the Turner "B" lease. A separate meter can be set at this location to measure the gas sold from the Max Friess #5 Well. Your approval is hereby requested for the authority to meter gas off lease.

Thank you for your assistance.

Sincerely,

AVON ENERGY CORPORATION

Gentlemen:

In order to operate the captioned well most efficiently, it is necessary to commingle the production from the Max Friess #5 Well into the common Turner "B" tank battery.

Federal and State regulations require that the ownership be common between the leases and that all interest owners and purchasers indicate their consent to commingle.

Enclosed for your records are copies of Consent Letters sent to the other parties. We hereby request the consent of the Bureau of Land Management to commingle production from the captioned lease as described above.

Sincerely,

AVON ENERGY CORPORATION

Gentlemen:

The captioned well was recently completed as an oil well and is currently producing. In order to achieve the most efficient use of our facilities, we would like to commingle production, at the surface, from this well into our Turner "B" tank battery.

Enclosed are the following documents:

1. Plat of the lease showing the wells and the formations in which they are completed.
2. Schematic diagram of the commingling facility
3. Letters of consent signed by all owners except BLM
4. Copy of consent letter sent to BLM

Our Field Engineer for this area is Mr. Robert Setzler. He may be contacted at our Loco Hills office at 1-505-677-3223.

If there is anything further that you require, please let us know. Thank you for your assistance.

Sincerely,

AVON ENERGY CORPORATION
