Attention: Mr. Joe D. Ramey

Dear Sir:

Application for Permission to Surface Commingle Production from the State S-19 No. 4, SW/4 SE/4, of Section 19, T-17S, R-29E, with Production from the State S-19 No. 3 and the State 19 Lease

Conoco Inc. requests administrative approval under the provisions of Rule 309-B to surface commingle production from the State S-19 No. 4 with production from State S-19 No. 3 and the State 19 Lease. All production is from the Empire Abo Pool, and would be commingled at the State 19 Battery which is located in SE/4 SW/4 of Sec. 19, T17S, R29E.

Royalty interests are common between the two properties, and there are no overriding royalty interests. The working interests would have also been common between the two properties, but Inexco Oil Company, one working interest owner, went non-consent in drilling the No. 4 well. After State S-19 No. 4 pays out and the penalty is recouped by the consenting working interest owners, Inexco will back in as a working interest owner. Therefore, we plan to allocate production based on well tests.

Our proposed battery schematic and lease plat is enclosed for your information. In addition, the attached letters to Conoco Transportation and the working interest owners will serve as notification to all parties involved of our commingling proposal. Exxon's approval of the proposed commingling project, which is required by the Commissioner of Public Lands, is also attached.

Please note an application of this commingling proposal is also being made with the Commissioner of Public Lands.

Gentlemen:

Application for Permission to Surface Commingle Production from the State S-19 No. 4, SW/4 SE/4 of Section 19, T17S, R29E, with Production from the State 19 Lease

Conoco Inc. plans to submit the subject application to the Commissioner of Public Lands, and the Commissioner's office will require we submit approval from Exxon to store oil at our State 19 Battery located in the SE/4 SW/4 of Section 19, T17S, R29E, Eddy County, New Mexico.

The Commissioner of Public Lands no longer recognizes the communitization agreement in Section 19 between Conoco, Exxon, Inexco and Pennzoil since State 19 No. 1 is and State S-19 No. 4 will be completed in the Empire Abo Pool. State 19 No. 1 is located on Exxon's lease (State Lease No. E-742) and No. 4 on Conoco's lease (State Lease No. E-4201).

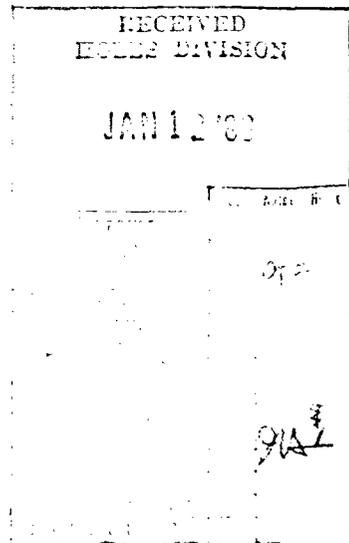

Please indicate your approval below, and return this letter to this office. If any further information is required, please contact David G. Smylie, ext. 120 of this office.

Yours very truly,

Mark K. Mosley

Gentlemen:

Application for Permission to Surface Commingle Production from the State S-19 No. 4, SW/4 SE/4, Section 19, T17S, R29E, with Production from the State S-19 No. 3 and the State 19 Lease

Please refer to the subject application which is dated February 17, 1983.

Per your telephone conversation of April 25, 1983, with David G. Smylie of this office, the State S-19 No. 4 well is currently producing approximately 11 BOPD, 15 BWPD and 37 MCFGPD. In addition, Inexco Oil Company would have had a 6.96846% working interest in the No. 4 well had they not decided to go non-consent.

If any further information is required, please contact Mr. Smylie, ext. 120 of this office.

Yours very truly,

DGS:cyg
