RE: Compliance with Rule #53  
Commingling Allowed--Different  
State Leases--Common Beneficiary  
State B-1969, State B-1111

Gentlemen:

Collier Energy, Inc. respectfully requests administrative approval for commingling State Leases B-1969 and B-1111.

Collier Energy, Inc. is producing eight (8) wells on State B-1969 and State B-1111 in units H and J in Section 22 of Township 17 South, Range 28 East, Eddy County, New Mexico. These wells were recently completed in March and April of 1980. The eight (8) wells are producing from the same depths and are assigned to the same pool -- East Empire Yates Seven Rivers. All wells are subject to the same override and interests.

Commercial value of the oil after commingling will be the same as the segregated value. Volumes from the different wells can be accurately reported.

We have notified the purchaser and interest holders of our intent to commingle these leases by certified mail. Also enclosed please find schematic diagram of the commingling facility and plats showing location of the leases and formations in which they are completed.

If there should be any other information you require to approve this application, we ask that you let us know and we will furnish same to you. Thank you for your assistance in this matter.

Very truly yours,

COLLIER ENERGY, INC.

RE: Exception to Rule #309-A  
Administrative Approval for  
Commingling Leases  
State B-1969 & State B-1111

Gentlemen:

Collier Energy, Inc. respectfully requests exception to Rule #309-A, State of New Mexico Oil Conservation Commission Rules and Regulations.

Collier Energy, Inc. is producing eight (8) wells on State B-1969 and State B-1111 in units H and J in Section 22 of Township 17 South, Range 28 East, Eddy County, New Mexico. These wells were recently completed in March and April of 1980. The eight (8) wells are producing from the same depths and are assigned to the same pool. All wells are subject to the same override and interests.

Commercial value of the oil after commingling will be the same as the segregated value. Volumes from the different wells can be accurately reported.

We have notified the purchaser and interest holders of our intent to commingle these leases by certified mail. Enclosed please find copies of same. Also enclosed please find schematic diagram of the commingling facility and plats showing location of the leases and formations in which they are completed.

If there should be any other information you require to approve this application, we ask that you let us know and we will furnish same to you. Thank you for your assistance in this matter.

Very truly yours,

COLLIER ENERGY, INC.
