P. O. BOX 2088

SANTA FE, NEW MEXICO 87501

August 13, 1971

Jennings, Christy & Copple
P. O. Box 1180
Roswell, New Mexico 88201

Attention: Mr. James T. Jennings

Administrative Order CTB-227

Gentlemen:

Reference is made to your application for administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit the commingling by Shenandoah Oil Corporation of Shugart Pool production from its Kechane Fed "B" Lease comprising the SW/4 NW/4 and E/2 NW/4 of Section 28, Township 18 South, Range 31 East, NMPM, Eddy County, New Mexico, and from its Kechane Fed "A" Lease comprising the W/2 SW/4 of said Section 28, allocating the production to each lease on the basis of periodic well tests. It is our understanding that the ownership of the two leases is now common throughout.

Under the authority granted me pursuant to Rule 309-B, Shenandoah is hereby authorized to commingle the above-described production as proposed, subject to the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities."

It is the responsibility of the producer to notify the purchaser of this commingling authority.

Yours very truly,

A. L. PORTER, Jr.
Secretary-Director

ALP/DSM/dr

OIL CONSERVATION COMMISSION

REPORT OF THE

SANTA FE RAILROAD

FOR THE YEAR 1917

THE SANTA FE RAILROAD

REPORT OF THE

COMMISSIONERS OF THE

RAILROAD COMMISSION

FOR THE YEAR 1917

1918

The Santa Fe Railroad, which is one of the largest and most important of the railroads of the United States, has during the year 1917, as in the previous years, been engaged in a constant struggle to maintain its position as one of the most efficient and economical of the great trunk lines of the country. The year 1917 was a year of unusual activity for the Santa Fe Railroad, and it was a year in which the company was able to accomplish many of its most important projects. The year 1917 was a year in which the Santa Fe Railroad was able to accomplish many of its most important projects. The year 1917 was a year in which the Santa Fe Railroad was able to accomplish many of its most important projects.
