Re: Application to Expand Commingle
Order CTB-237
New Mexico 'V' State and New
Mexico 'T' State (NCT-4) Leases
Vacuum North Abo Field,
Lea County, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with New Mexico Oil Conservation Commission Rule 309-B, Texaco Inc. respectfully requests administrative approval of an exception to Rule 309-A to permit commingling of hydrocarbon production from the Vacuum North Abo Pool from Texaco's New Mexico 'V' State and New Mexico 'T' State (NCT-4) Leases into the central battery on Texaco's New Mexico 'D' State Lease. The referenced leases consist of the W/2 of Section 34, and the NW/4 of Section 28, T-17-S, R-34-E, Lea County, New Mexico.

The working interest and royalty interest are all common between leases. Therefore, it is proposed that the production of the New Mexico 'T' State (NCT-4) Lease, and the New Mexico 'V' State Lease be routed to the existing central battery located on the New Mexico 'D' State Lease and production be commingled. Production will be allocated to each lease on a periodic well test basis for which adequate well testing facilities will be provided. A schematic diagram of the proposed commingling installation and plat of the subject leases are attached.

The State Land Office as Royalty Interest Owner and Mobil Pipeline Company as purchaser of production are being furnished a

Re: Application to Expand Commingle
Facilities-TEXACO Inc.
New Mexico "T" State (NCT-4) Lease
Lea County, New Mexico

ATTENTION: Mr. J. V. Gannon

Gentlemen:

Reference is made to your application dated April 13, 1972, requesting approval to commingle Vacuum North Abo crude production from the New Mexico "T" State (NCT-4) Lease into the existing battery serving the New Mexico "D" State and New Mexico "T" State (NCT-3) Leases.

You are hereby given approval to the above request. Any deviation from your proposed request will be reason to cancel approval. This approval is subject to like approval by the New Mexico Oil Conservation Commission.

In the future when filing a Commingling request please submit the following:

1. Plat showing the location of leases, wells, flow lines, and common tankage. All plats and diagrams should differentiate between surface and underground pipe.
2. A list of the involved leases arranged by their State Land Office Lease number, their legal description, and including state beneficiaries.

Your ten (\$10.00) Dollar filing fee has been received.

Very truly yours,

RAY D. GRAHAM, Director

New Mexico 'T' State (NCT-4) Lease
Lea County, New Mexico

Attention: Mr. Ray D. Graham

Gentlemen:

TEXACO Inc. requests your approval to commingle Vacuum North Abo crude production from the New Mexico 'T' State (NCT-4) Lease into the existing battery serving the New Mexico 'D' State and New Mexico 'T' State (NCT-3) Leases. All production is from a common source of supply.

If this proposal meets with your approval, please notify Mr. A. L. Porter of the New Mexico Oil Conservation Commission to that effect. Also, please send a copy of your approval to this office.

A check in the amount of \$10.00 has already been sent to your office to cover the filing fee.

Your cooperation in this matter will be appreciated.

ATTENTION: Mr. J. V. Gannon

Gentlemen:

The above request cannot be granted by us, due to the fact that the leases involved are under different Beneficiary Institutions. Under Rule (52) of the State Land Office Rules and Regulations it prohibits the approval of commingling between different Beneficiaries.

Enclosed is a copy of our Rules and Regulations on Commingling of Oil and Gas on State owned lands.

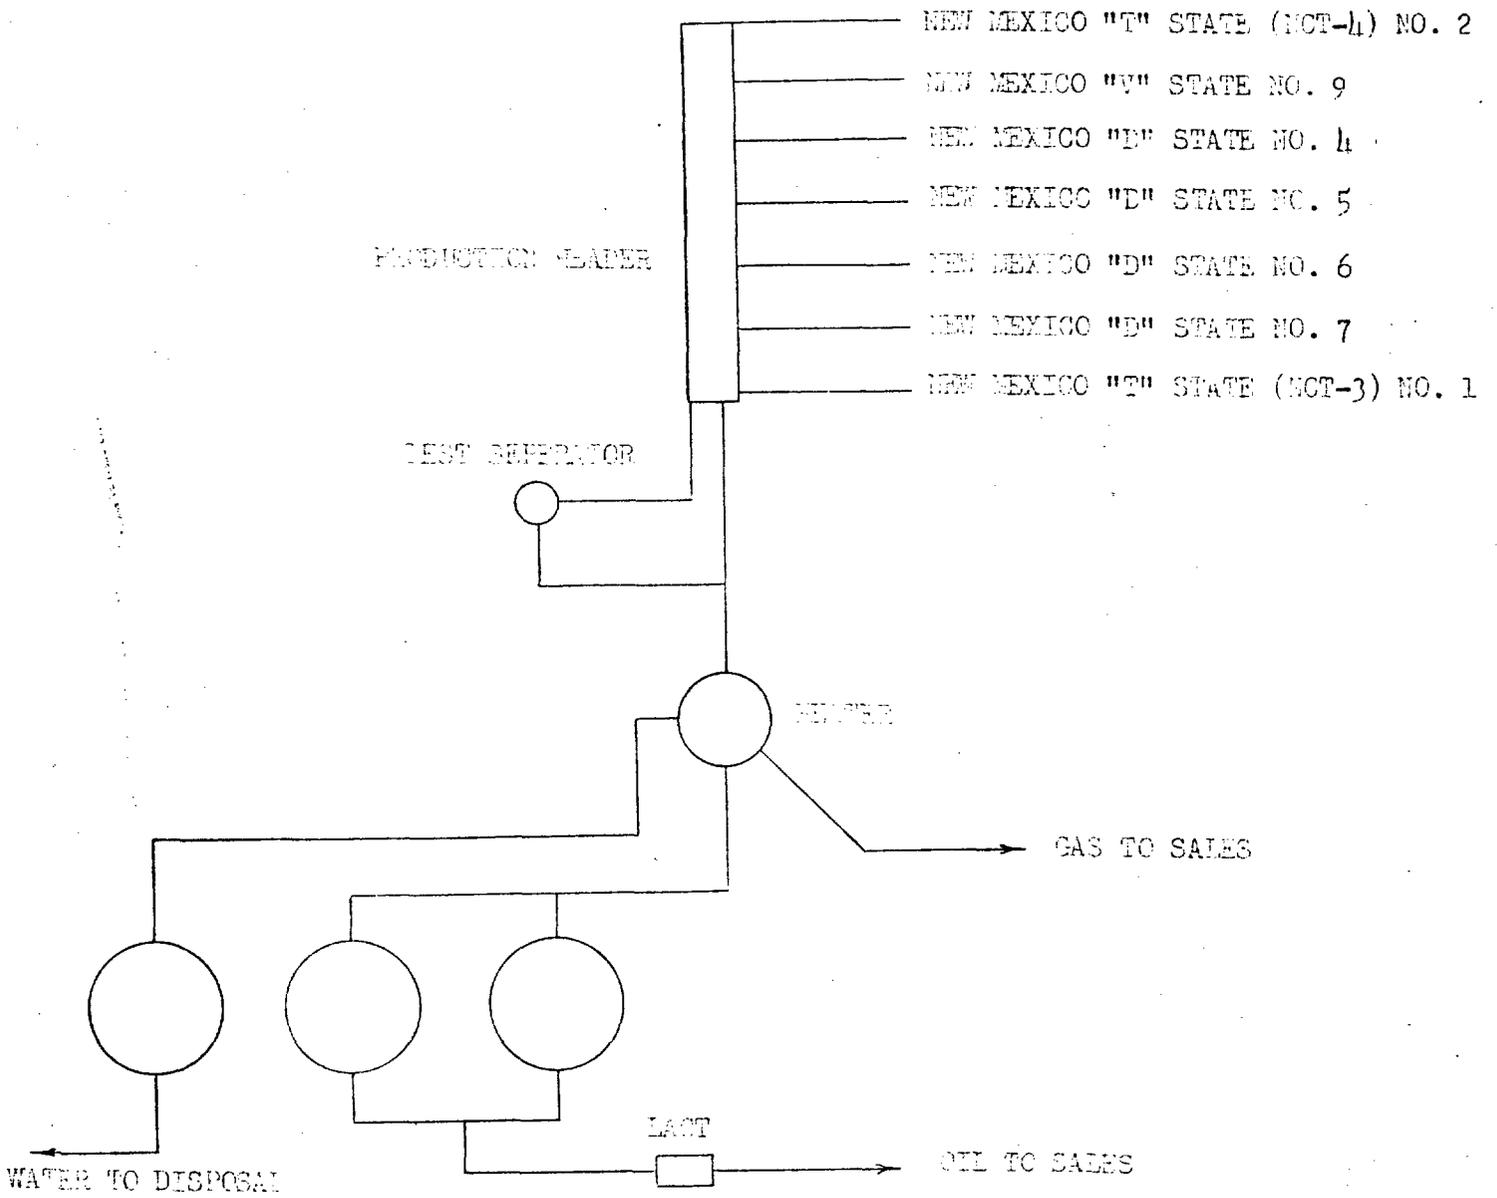

If we can be of further assistance please do not hesitate to call on us.

Very truly yours,

Re: Application To Expand
Commingle Facilities
TEXACO Inc. New Mexico 'V'
State and New Mexico 'T'
State (NCT-4) Leases,
Lea County, New Mexico

Gentlemen:

TEXACO Inc. proposes to commingle production from the Vacuum North Abo Field from the New Mexico 'V' State and New Mexico 'T' State (NCT-4) Leases, Lea County, New Mexico, into the existing battery located on Texaco's New Mexico 'D' State Lease. A copy of the application sent to the New Mexico Oil Conservation Commission is attached. As stated, the commingled production will be from a common source of supply.

The New Mexico 'T' State (NCT-4) Lease is not contiguous to the 'D' Lease and Texaco will obtain approval of the State Land Office prior to our laying a flowline across the non-Texaco lease.

If the proposal meets with your approval, TEXACO Inc. would appreciate your notifying Mr. A. L. Porter of the New Mexico Oil Conservation Commission to that effect. Also, please send a copy of your approval to TEXACO Inc.

A check in the amount of \$10.00 to cover the filing fee will be sent to you under separate cover.

Your cooperation in this matter will be appreciated.

Yours very truly,

J. V. Gannon
