Gentlemen:

The Signal Oil and Gas Company respectfully requests permission to store crude oil on off-lease premises from our State SDA #1 well, State Lease No. 2433, in the South Denton Devonian Pool, Lea County, New Mexico.

Attached is a plat showing well and tank battery locations, and approximate location of flow lines. The storage facilities are situated on a parcel of land in the Southwest corner of the NW/4 of Section 4, T 16-S, R-38E, for which a Business Lease Application has been filed. While these facilities are adjacent to our Tekell State Lease Battery, they are entirely separate, and no commingling of production will occur.

Very truly yours,

SIGNAL OIL AND GAS COMPANY

B. J. DELANY
