Attention: Mr D. S. Nutter

Dear Sir:

Coastal States is requesting administrative approval for off-lease storage for their W. A. State and Sinclair State leases in the Flying "M" (San Andres) Field of Lea County, New Mexico. The leases involved are state leases located in Sections 20 and 32, T-9S, R-33E.

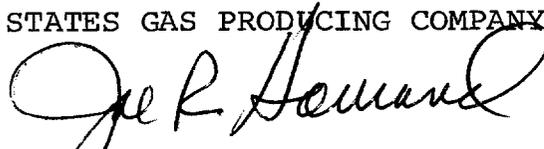

As outlined in Rule 309-C, all partners owning an interest in these leases have been notified and copies of the registered letter receipts are attached. Also attached are copies of letters sent to each owner involved, and a plat of the area.

All production will be from the same common source; commingling will not result, and there will be no inter-communication of the handling, ^{separating} treating, or storage designated to each lease. The tank battery storage for these leases will be located in the approximate center of Section 29.

Coastal States has complied with the request of Rule 309-C, and would appreciate receiving approval as soon as the required waiting period has expired.

Very truly yours,

COASTAL STATES GAS PRODUCING COMPANY
