Dear Sir:

Please be advised that Continental Pipe Line Company has changed their main line and looped it to the south of our FWY Lease in Section 25-17-28. They have given us a spot where they would run our oil from as shown by enclosed map. We pray that you will give us administrative approval for this off lease storage. We will set a 250 bbl. bolted tank on spot indicated by enclosed map and haul oil by our own truck and fill.

Thanking you in advance.
