Attention: Mr. L. A. Davis

Amendment
Administrative Order OLS-48

Gentlemen:

Reference is made to your letter dated September 27, 1973, wherein you request the amendment of Administrative Order No. OLS-48 which authorized off-lease storage facilities for your State K Well No. 6, located in Unit C of Section 18, Township 17 South, Range 35 East, Vacuum Grayburg-San Andres Pool, Lea County, New Mexico, in a separate tank battery on your New Mexico "O" Lease in Unit M of said Section 18.

It is our understanding that the Grayburg-San Andres production on both leases is currently shut in, and that the existing handling and storage facilities in Unit M will be utilized for North Vacuum-Abo production from your State K Well No. 10 in Unit L of said Section 18.

Administrative Order No. OLS-48 is hereby amended to permit off-lease storage as described above.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director

Administrative Order No. 025-48

Administrative Order No. 025-48

Administrative Order

Reference is made to your letter dated September 17, 1973, wherein you request the placement of Administrative Order No. 025-48 which authorizes off-leash storage facilities for your State Well No. 1 located in Section 2 of Section 10, Township 17 South, Range 33 East, Grant County, New Mexico. The State Well No. 1 is located in Section 2 of Section 10, Township 17 South, Range 33 East, Grant County, New Mexico. The State Well No. 1 is located in Section 2 of Section 10, Township 17 South, Range 33 East, Grant County, New Mexico.

It is our understanding that the Gradyburg-San Andres production of your lease is currently shut in and that the existing handling and storage facilities in Unit No. 1 in this Section 2 of Section 10, Township 17 South, Range 33 East, Grant County, New Mexico, are not adequate to handle the production from your State Well No. 1 in this Section 2 of Section 10, Township 17 South, Range 33 East, Grant County, New Mexico.

Administrative Order No. 025-48 is hereby amended to permit off-leash storage as described above.

Very truly yours,

A. L. SOMMERSETT
Secretary-Treasurer

7.01 REQUEST FOR ADMINISTRATIVE
APPROVAL OFF-LEASE STORAGE -
STATE K, WELL #6 & NEW MEXICO "O",
WELL #1, UNIT L & UNIT M, SEC. 18,
T-17-S, R-35-E, GRAYBURG-SAN ANDRES
POOL, LEA COUNTY, NEW MEXICO

Gentlemen:

On August 10, 1966, Mobil Oil Corporation requested administrative approval to commingle the production of oil from the two subject leases. Because of the capital expenditure necessary to meter the oil, off-lease storage will be more economical.

We now respectively request Oil Conservation Commission approval of off-lease storage for our State "K" Well No. 6 as shown in the attached diagram. The Commissioner of Public Lands has given written permission (copy of letter attached) stating, in effect, that he has no objections to our proposal.

The storage battery located on New Mexico "O" lease will be a completely separate storage tank with no possible connection to the tank serving the other well. This arrangement will reduce battery maintenance costs, reduce equipment investment and lengthen the economic life of the wells. The state land leases involved have a common beneficiary as shown by our record search.

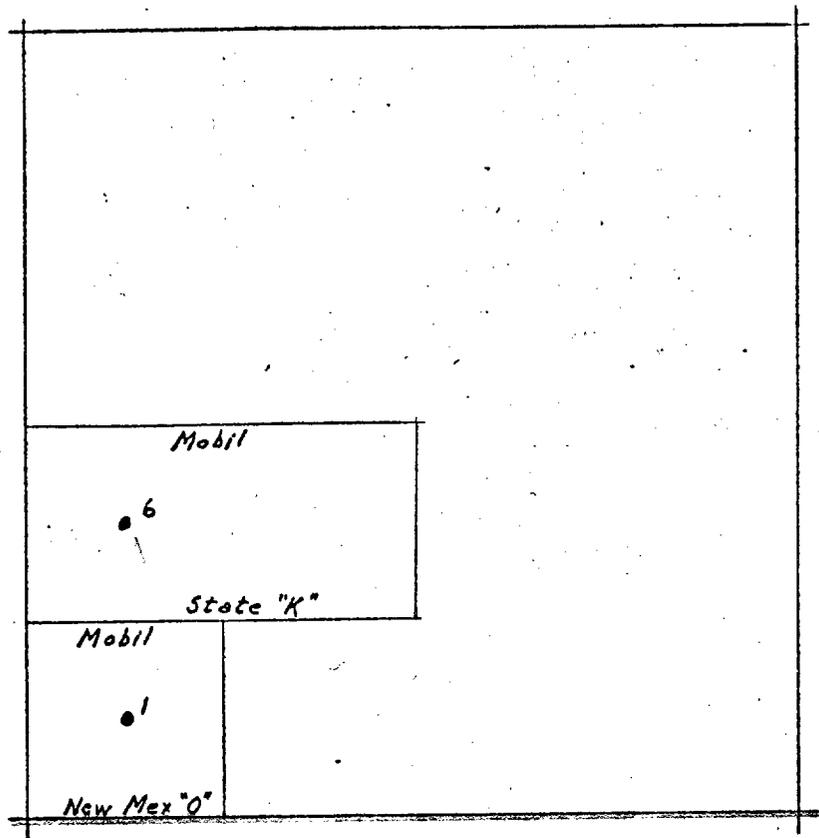

Both wells, State "K" No. 6 and New Mexico "O" No. 1, are marginal pumping wells producing from the Vacuum (Grayburg-San Andres) Pool.

Yours very truly,

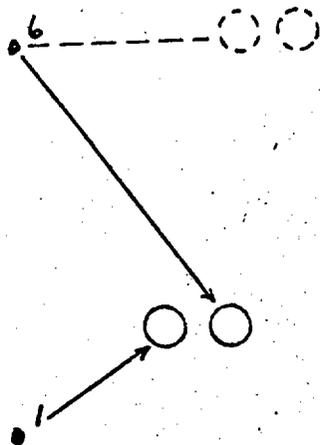

T. A. Payne

Attention: Mr. I. B. Stitt, Jr.

Gentlemen:

In reference to your request to install off-lease storage facilities for production from your well Number 6 located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 17 South, Range 35 East which is included in State of New Mexico Lease B-1527, we wish to inform you that the Commissioner of Public Lands has no objection to your proposal.

This letter of approval is based upon the contingency that there shall be no intercommunication of the handling, separating or storage facilities designated to either State of New Mexico Lease B-1527 or B-1518 and that no commingling of production between the two leases shall result. We would like to request that you clearly mark the separate flow lines so that they may be easily identified.

Very truly yours,

GUYTON B. HAYS

Re: REQUEST FOR AMENDMENT OF
ADMINISTRATIVE ORDER OLS-48
MOBIL OIL CORPORATION'S
STATE K (B-1527) AND
NEW MEXICO O (B-1518) LEASES,
NORTH VACUUM ABO POOL,
LEA COUNTY, NEW MEXICO

ATTENTION: Mr. L. A. Davis

Gentlemen:

Reference is made to your request for amendment to the New Mexico Oil Conservation Commission's Administrative Order No. OLS-48, to delete the approval of off-lease storage for Mobil's State K Well No. 6, Vacuum (Grayburg-San Andres) Pool and provide for substitution of off-lease storage for Mobil's State K Well No. 10, Unit L, Section 18, Township 17 South, Range 35 East, Lea County, New Mexico, North Vacuum Abo Pool.

You are hereby given approval to the above request. This approval is subject to like approval by the New Mexico Oil Conservation Commission.

Please remit a Ten (\$10.00) Dollar filing fee.

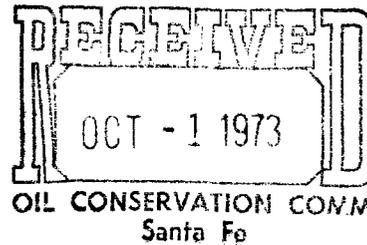

Very truly yours,

RAY D. GRAHAM, Director
Oil and Gas Department

REQUEST FOR AMENDMENT OF
ADMINISTRATIVE ORDER OLS-48
MOBIL OIL CORPORATION'S
STATE K (B-1527) AND
NEW MEXICO O (B-1518) LEASES,
NORTH VACUUM ABO POOL,
LEA COUNTY, NEW MEXICO

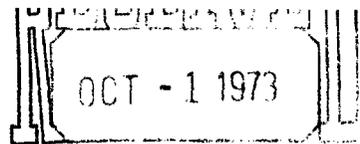

Gentlemen:

Mobil Oil Corporation respectfully requests amendment to the New Mexico Oil Conservation Commission's Administrative Order No. OLS-48, dated December 15, 1966, to delete the approval of off-lease storage for Mobil's State K Well No. 6, Vacuum (Grayburg-San Andres) Pool and provide for substitution of off-lease storage for Mobil's State K Well No. 10, Unit L, Section 18, T-17-S, R-35-E, Lea County, New Mexico, North Vacuum Abo Pool.

Mobil plans to shut-in the presently connected State K Well No. 6 and the New Mexico O Well No. 1, Vacuum (Grayburg-San Andres) Pool, because of sub-marginal production, and disconnect these wells from the existing tank battery in the SW/4 SW/4 of Section 18, T-17-S, R-35-E, Lea County, New Mexico. Mobil wishes to substitute the State K Well No. 10, in the afore-mentioned Order No. OLS-48, and connect it to the existing tank battery as shown on the attached plat.

This proposal would result in only North Vacuum Abo production in the said tank battery. There would be no commingling included in this request; and as stated in our original application, both leases have common lease ownership, working interest ownership, royalty ownership, and ORR ownership.

New Mexico Oil Conservation Commission
Santa Fe, New Mexico 87501

OIL CONSERVATION COMMISSION
Santa Fe September 27, 1973

In addition to a plat showing the leases and wells of this request, we are attaching copies of the previously granted Administrative Order OLS-48, and the approval of the Commissioner of Public Lands.

Should any further information be required, please advise.

Yours very truly,

L. A. Davis
Area Operations Engineer
