Gentlemen:

Coastal States Gas Producing Company is requesting administrative approval for off-lease storage for the State "32" Well No. 2 located in Section 32, T-13-S, R-33-E, Lea County, in that we be permitted to construct permanent storage and treating facilities at the location shown on the attached plat.

Coastal States is requesting that we be allowed to transport production prior to measurement from one lease to another lease for storage. The storage facilities for this lease will be located as shown on the attached plat. There will be no intercommunication of the handling, separating, treating, or storage facilities between this lease and the lease the storage facilities will be located on. There will be no commingling of production between leases. This permanent battery will enable wells to have a pipe line connection and casinghead gas sales connection and is for the convenience of the pipe line companies.

If you will need additional information for approval, please advise.

Very truly yours,

Joe R. Howard
Division Production Superintendent
