RESCISSION OF ORDER PC-7 AND
REQUEST FOR EXCEPTION TO RULE
303-A

Dear Sir:

Socony Mobil Oil Company, Inc. respectfully requests the Commission rescind their commingle order No. PC-7 dated May 7, 1960, for Socony Mobil's Marshall Unit Lease in the NW/4 of Section 34, Township 21 South, Range 37 East, Lea County, New Mexico.

We further request the Commission administratively approve an exception to Rule 303-A to permit the commingling of the sweet production from the Blinbry, Tubb, and Drinkard Fields, and to permit the commingling of the sour production from the Paddock and Penrose Skelly Fields on our Marshall Unit Lease with production being allocated to the zones involved by periodic well tests. All production from wells on this lease is marginal and none are capable of making top allowable.

A location plat and a production tabulation showing May, 1963, and June, 1963, production as compared to top allowables for those months is attached.

If any additional information is needed concerning the revision of this order, please contact us.

Yours very truly,

Glen W. Barb
Producing Superintendent
