Amendment ✓  
Administrative Order PC-21

O  
Gentlemen:

Reference is made to your letter of December 23, 1964, wherein you request that Administrative Order PC-21 be amended to eliminate the requirement for separate measurement of the production from the Briskard, Tubb Oil, and Tubb Gas Pools prior to commingling.

P  
It is our understanding that the production from all of these zones is now of marginal nature and that you therefore wish to commingle the production from these pools, allocating the production on the basis of periodic well tests.

Y  
Administrative Order PC-21 is hereby amended to eliminate said metering requirement, subject to the provision that if any of the aforesaid zones should become capable of top allowable production Tamesco Inc. immediately notify the Commission.

Very truly yours,

A. L. Porter, Jr.  
Secretary-Director
