Reference is made to your application dated February 5, 1962, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of production from the Paddock and Penrose-Shelly Pools in a separate tank battery on your V. By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the Paddock and Penrose-Shelly Pools in a separate tank battery on the above-described V. M. Henderson Lease, after separately metering the production from the Paddock Pool; provided, however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities."
