Re: ~~Revision~~ of Commingling Order No.
PC-67, Commingling of Production,
TEXACO Inc., V. M. Henderson Lease,
Lea County, New Mexico

Attention: Mr. A. L. Porter, Jr.

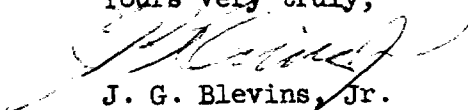

Gentlemen:

In accordance with Section II - "Commingling Between Pools or Zones", Item 1 - "Marginal Zones" of the current New Mexico Oil Conservation Commission's "Manual for the Installation and Operation of Commingling Facilities", TEXACO Inc. respectfully requests permission to commingle the liquid hydrocarbon production from the Paddock and Penrose-Skelly Pools on the V. M. Henderson Lease located in the North Half of Section 30, Township 21 South, Range 37 East, Lea County, New Mexico without separately measuring production from the Paddock Pool prior to commingling.

Commission Order No. PC-67 granted authority to commingle the production from the Paddock and Penrose-Skelly Pools after separately measuring the production from the Paddock Pool and determining the Penrose-Skelly production by subtraction. Since the initiation of this commingling procedure, the producing capacity has declined to such that no well is capable of producing top allowable as indicated on the attached 60-day production tabulation.

In view of the above mentioned facts, it is respectfully requested that Commission Order No. PC-67 be amended to permit commingling the aforesaid production without separately measuring production from the Paddock Pool prior to commingling.

Yours very truly,

J. G. Blevins, Jr.
