Subject: Commingling Drinkard-  
Blinebry Oil Production  
Owen Lease, Section 14,  
T21S, R37E, Lea County,  
New Mexico Administra-  
tion Order PC-93

Dear Sir:

Your Administration Order PC-93 dated 9-5-62, granted permission to commingle the oil production from the Drinkard and Blinebry Oil Pools, Owen Lease, provided by Rule 303(b). Because of the top allowable status of both zones, a meter and monthly reports were required.

At the present time both zones are marginal. We request that we be granted permission by Administration approval to commingle the Drinkard and Blinebry oil without metering facilities under the "Marginal Zones" portion of the commingling regulations.

The following tabulation of oil production indicates the marginal status of each zone.

Mr. A. L. Porter, Jr.  
March 25, 1970  
Page 2

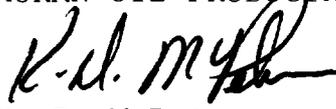

Month	<u>Blinebry</u>		<u>Drinkard</u>	
	Top Allowable Owen Lease	Production Owen Lease	Top Allowable Owen Lease	Production Owen Lease
Nov. '69	5640	1223	7440	375
Dec. '69	5828	1201	7688	303
Jan. '70	5952	1341	7936	309
Feb. '70	5376	1131	7168	300

If this application for commingling these marginal zones without a meter is approved, we will determine production from each zone by periodic tests as prescribed by the Commission.

Your approval of our "Marginal Zone" commingling request will be appreciated.

Yours very truly,

MORAN OIL PRODUCING & DRILLING CORP.
