Re: Revision of Commission Order No.  
PC-96, Commingling of Production,  
TEXACO Inc. C. C. Fristoe "B" (NCT-2)  
Lease, North Justis (Bliebry, Tubb-  
Drinkard, & Fusselman) Pools, Lea  
County, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with Section II - "Commingling Between Pools or Zones", Item 1 - "Marginal Zones", of the current New Mexico Oil Conservation "Manual for the Installation and Operation of Commingling Facilities", TEXACO Inc. respectfully requests permission to commingle the production from the North Justis (Bliebry, Tubb-Drinkard, and Fusselman) Pools on the C. C. Fristoe "b" (NCT-2) Lease, located in Section 26 and Section 35, Township 24 South, Range 37 East, Lea County, New Mexico, without separately measuring the production prior to commingling.

Commission Order No. PC-96 as amended, granted TEXACO permission to commingle the production from the aforesaid pools after separately metering the production from the Tubb-Drinkard and Fusselman zones and using the subtraction method for allocating the Bliebry zone production. Since the initiation of this commingling procedure on the subject lease, the producing capacity of each well has declined so that no well is currently capable of producing top allowable as indicated on the attached 60-day production tabulation. Also, attached is a schematic diagram of the currently used tank battery, using metering facilities, as it is proposed to be after receiving permission to commingle without separately measuring production from each zone.

NMOCC

- 2 -

April 16, 1964

In view of the above mentioned facts, it is respectfully requested that Commission Order No. PC-96 be amended to the effect to permit commingling the aforesaid production without separately measuring production from each zone.

Yours very truly,

J. G. Blevins, Jr.  
Assistant District Superintendent

Attention: Mr. J. G. Blevins, Jr.

Gentlemen:

Your letter of April 18 requests approval to modify the commingling system approved by our letter of January 30, 1963, lease Las Cruces 032592(b). You propose to discontinue separate metering of the oil production from the North Justis Blinbry, Tubb-Drinkard and Fusselman pools in the N $\frac{1}{2}$ NE $\frac{1}{4}$  and SE $\frac{1}{4}$ NE $\frac{1}{4}$  sec. 35, T. 24 S., R. 37 E., N.M.P.M., and determine the production from each pool on the basis of periodic well tests.

The method of commingling described in your application is hereby approved.

Sincerely yours,

  
JOHN A. ANDERSON  
Regional Oil and Gas Supervisor

Attention: Mr. J. G. Blevins, Jr.

Gentlemen:

Your letter of April 16 requests approval to commingle the Queen, Blinebry and Tubb-Drinkard oil production from wells in the E $\frac{1}{2}$ NE $\frac{1}{4}$  and E $\frac{1}{2}$ SE $\frac{1}{4}$  sec. 3, T. 25 S., R. 37 E., Lea County, New Mexico, lease Las Cruces 032592(a).

The method of commingling as described by the diagram attached to your letter is hereby approved. You are requested to notify our Hobbs office when the installation is completed so that a field inspection of the system can be made.

Sincerely yours,

JOHN A. ANDERSON  
Regional Oil & Gas Supervisor
