Gulf Oil Corporation
P. O. Box 870
Hobbs, New Mexico

Attention: Mr. C. D. Berland

Administrative Order PLC-3

Gentlemen:

Reference is made to your letter of June 24, 1963, wherein you have requested authority to commingle Blinbry, Brinkard, and Paddock production from your Graham State Lease comprising the N/2 SW/4 of Section 19, Township 21 South, Range 16 East and from your W. A. Ramsey Lease comprising the N/2 of Section 25, Township 21 South, Range 16 East, after separately metering the commingled Brinkard production from both leases and the commingled Paddock production from both leases, and determining the Blinbry production from the Graham State Lease by means of the subtraction method. Administrative Order PC-99 previously authorized the commingling of the production on the Graham State Lease.

By the authority vested in me under the provisions of Rule 303 (b) and Rule 309-B, Gulf Oil Corporation is hereby authorized to commingle the above-described production as proposed, subject to the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters. You are further requested to notify the Hobbs District Office of the Commission at such time as this installation has been completed in order that a field inspection can be made of the installation prior to putting it in operation.

Very truly yours,

A. L. FOSTER, Jr.
Secretary-Director

ALF/DSE/eez
