Attention: Mr. A. L. Porter, Jr., Secretary-Director

Gentlemen: Re: APPLICATION OF CONTINENTAL OIL CO.  
FOR AMENDMENT OF ADMINISTRATIVE ORDER  
PC-101 TO PERMIT COMMINGLING OF UN-  
DESIGNATED ABO PRODUCTION WITH NORTH  
JUSTIS TUBB-DRINKARD AND DEVONIAN  
POOLS ON ITS STATE A-2 LEASE, LOCATED  
IN SECTION 2, T25S, R57E, LEA COUNTY,  
NEW MEXICO

Your approval was granted October 4, 1962, under N.M.O.C.C. Administrative Order PC-101, to permit the commingling of the production from the Tubb-Drinkard, Devonian and Fusselman Pools, North Justis Field, on Continental Oil Company's State A-2 Lease comprising the W/2 SE/4 of Section 2, T25S, R37E, Lea County, New Mexico, after separately metering the production from each pool.

Upon testing, prior to completion of the well, the North Justis Fusselman Pool was found to be commercially non-productive. Subsequently, the well was completed as a Tubb-Drinkard, Devonian and Undesignated Abo triple completion. The Abo crude has been analyzed and classified as sweet, as is the production from the Tubb-Drinkard and Devonian.

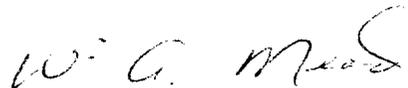

It is therefore requested that Administrative Order PC-101 be amended to permit the commingling of liquid production from the Undesignated Abo Pool with the North Justis Tubb-Drinkard and Devonian Pools on the State A-2 Lease, after separately metering the production from each pool. The exhibits previously submitted are applicable upon the substitution of the "Abo formation" where the "Fusselman formation" now appears.

Also attached hereto is a letter showing amended approval from the State Land office for the revised commingling.

Your amended approval will be sincerely appreciated.

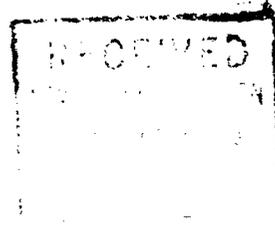

Yours very truly,

A handwritten signature in cursive script, appearing to read "W. A. Mead".

Re: State A-2 Lease, B2657, Section 2, Township  
25S, Range 37E.

Attn: A. B. Slaybaugh

Gentlemen:

Referring to your letter of January 25, 1963, you are hereby given permission to amend our approval to commingle the above, granted to you on September 26, 1962, which approval was originally for production from North Justis, Tubb-Drinkard, Devonian, and Fusselman. This amendment would substitute the Abo in place of the Fusselman, subject of course, to the same restrictions.

Very truly yours,

E. S. JOHNNY WALKER  
COMMISSIONER OF PUBLIC LANDS
