*Amendment
PC-110*

Mr. A. L. Porter, Jr.
New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Dear Sir:

The subject order approved commingling the Blinebry, Drinkard and Paddock Oil Pools from our H. T. Mattern (NCT-A) Lease, S/2 Section 24-21S-36E, Lea County, New Mexico, after separately metering production from each pool.

Now, there are no wells producing top allowable from the Drinkard or Paddock Oil Pools and the Blinebry oil well is temporarily abandoned. Permission is requested to discontinue the metering system and determine the production by periodic well test in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities".

Yours very truly,

By: *C. S. Mace*
