**AMENDMENT  
Administrative Order PC-112**

**Gentlemen:**

Reference is made to your letter requesting amendment to Administrative Order PC-112 which authorizes the commingling of certain pools on your Hawk B-3 Lease in Lea County, New Mexico, after separately metering the production from each.

You now wish to delete the metering requirement inasmuch as all production on said lease is of marginal nature and to also include the Hare Pool in the commingling authority.

Administrative Order PC-112 is hereby amended to delete the metering requirement and to include Hare Pool production in the commingling installation, provided however, that you shall notify the Commission if the production from any of the pools produced into the commingled battery becomes top allowable.

**Very truly yours,**
