Administrative Order PC-122

Dear Mr. Donohue:

Reference is made to your application dated February 1, 1963, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of the production from your No. 1 well, completed in the Baish-Yates Pool, with the production from your Wells Nos. 2 and 3, completed in the Maljamar Pool, on your Gulf State Lease comprising the N/2 SW/4 of Section 16, Township 17 South, Range 32 East, Lea County, New Mexico. It is our understanding that the production from both pools is marginal and that it will be allocated to the respective pools on the basis of periodic well tests.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities"; and provided further however, that you shall immediately notify the Commission at such time as any well in either pool is capable of top allowable production.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director
