Attention: Mr. C. D. Borland

**AMENDMENT**

**Administrative Orders PC-38 and PC-142**

Gentlemen:

Reference is made to your letters of March 27, 1968, requesting the amendment of Administrative Orders PC-38 and PC-142 to delete the requirement for metering of production in the commingling installations authorized by said orders.

It is our understanding that all production going into your T. R. Andrews commingling installation in Section 32, Township 22 South, Range 38 East, is now of marginal nature and Administrative Order PC-38 is therefore hereby amended to permit the allocation of production to each pool on the basis of quarterly well tests. It is also our understanding that all production going into your G. C. Matthews commingling installation in Section 6, Township 20 South, Range 37 East, is now of marginal nature and Administrative Order PC-142 is therefore hereby amended to permit the allocation of production to each pool on the basis of quarterly well tests.

Please notify the Commission at such time as any well in either of the commingling installations becomes capable of top allowable production.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
