Amended PC-146

New Mexico Oil Conservation Commission
P.O. 2088
Santa Fe, New Mexico

Re: Revision of Commission Order No. PC-146,
Commingling of Production, TEXACO Inc.
New Mexico 'BZ' State (NCT-10) Lease,
Lea County, New Mexico

Attention: Mr. A.L. Porter, Jr.

Gentlemen:

TEXACO Inc. respectfully requests permission to commingle liquid hydrocarbon production without measuring the separate production from the Justis Blinbry, Justis Tubb-Drinkard, and No. Justis Devonian Pools on the New Mexico 'BZ' State (NCT-10) Lease which consists of the SW/4 of Section 2, Township 25 South, Range 37 East, Lea County, New Mexico.

Commission Order PC-146 granted authority to commingle the production from the aforementioned pools after separate measurement of production from each Pool. Since the initiation of this procedure, production into the battery on the New Mexico 'BZ' State (NCT-10) Lease has declined to a marginal status for all wells in the pools being commingled in this battery. In support of this, a 60-day production tabulation is attached.

In view of the aforementioned, which is in accordance with New Mexico Oil Conservation Commission "Manual for the Installation and Operation of Commingling Facilities", Section II - "Commingling Between Pools and Zones", Item I - "Marginal Zones", it is respectfully requested that Commission Order No. PC-146 be amended to permit commingling of production from the aforesaid Pools without separately metering production from each zone and to determine production from each Pool on the basis of periodic well tests.

Yours very truly,

Gentlemen:

Re: Revision of Commission Order No. PC-46, Commingling or Production, Texaco, Inc., New Mexico "BZ" State (NCT-10) Lease, Lea County, New Mexico

We wish to acknowledge receipt of your Application to Commingle Production from separate pools on the New Mexico "BZ" State (NCT-10) Lease, which consists of the SW $\frac{1}{4}$ of Section 2, Township 25 South, Range 37 East, Lea County, New Mexico, without separately metering production from each pool.

Please be advised that the Commissioner of Public Lands has no objection to your proposal, and that the New Mexico Oil Conservation Commission will be given a copy of our approval.

If we can be of further assistance, please feel free to call me at 831.

Very truly yours,

GUYTON B. HAYS
