RE: Application to Amend the Commingling
Provisions of Administrative Order
PC-147 which Authorized Commingling
of the Glorieta, Blinbry, Abo, Wolf-
camp and Upper Pennsylvanian Production
On the Getty Oil Company State "BA"
Lease (Formerly Tidewater's "GO" State
"F" Lease).

Gentlemen:

Getty Oil Company respectfully requests permission to remove the meters from the subject zones. It is proposed to allocate the lease production to the zones and wells based on monthly well tests.

In support of this application Getty Oil Company wishes to state the following:

1. Getty Oil Company's State "BA" Lease is located in Section 36, T 17 S, R 34 E, Vacuum Multipay Pools, Lea County, New Mexico.
2. Getty Oil Company is presently commingling oil production from the Vacuum Glorieta, Blinbry, Abo, Wolfcamp, and Upper Pennsylvanian in accordance with the provisions of Administrative Order No. PC-147.
3. Getty Oil Company owns and operates 100% of the production from these zones.
4. Attached is Table I listing the present current daily production, maximum June allowable, and GOR Limit for each pool. All completions are producing below the penalized top allowable.
5. Attached is a diagrammatic sketch of the proposed installation.
6. This request is in accordance with the New Mexico Oil Conservation Commission's Manual for the installation and operation of commingling facilities (September 13, 1961).
7. This request is being made to avoid replacing some of the existing equipment which is beginning to wear out.
