Attention: Mr. John R. Barber

Amendment  
Administrative Order IC-159

Gentlemen:

Reference is made to your letter dated March 19, 1964, wherein you request that Administrative Order IC-159 be amended to provide that the commingling authorized thereby would be done after separately metering the Vacuum Abo-Reef production and determining the Glorieta production by means of the subtraction method.

It is our understanding that Administrative Order IC-159 authorized the commingling after metering the Glorieta production and determining the Abo-Reef production by means of the subtraction method, but that the meter with sampler was inadvertently installed on the wrong leg of the commingling installation.

Administrative Order IC-159 is hereby amended as described above.

Very truly yours,

A. L. Porter, Jr.  
Secretary-Director
