AMENDMENT
Administrative Order PC-161

Gentlemen:

Reference is made to your letter of December 16, 1963, wherein you request an amendment to Administrative Order PC-161 to authorize the commingling of Blinebry and Drinkard production on your W. T. McCormack Lease, allocating the production on the basis of periodic well tests.

Administrative Order PC-161 authorized the commingling of said production after separately metering the production from the Blinebry Oil Pool and determining the Drinkard production by means of the subtraction method, however, all production on the aforesaid lease in said pools is now marginal.

Administrative Order PC-161 is hereby amended as outlined above; provided however, that Gulf Oil Corporation shall notify the Commission at such time as any well in either pool becomes capable of producing top allowable.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director
