AMENDMENT

Administrative Order PC-169

O  
Gentlemen:

P  
Reference is made to your application dated September 4, 1968, wherein you request the amendment of Administrative Order PC-169 which, as amended, permits the commingling of Drinkard and Blinebry oil production and Blinebry distillate on your Lockhart A-35 Lease after separately metering the Blinebry distillate and Drinkard oil and determining the Blinebry oil by means of the subtraction method.

Y  
It is our understanding that you now propose to include marginal Wants-Abo production in with the marginal Blinebry oil production and to commingle said production with the Blinebry distillate and the Drinkard oil after separately metering the Blinebry distillate and the Drinkard oil and determining the combined Blinebry oil and Wants-Abo oil by means of the subtraction method, allocating the production to each of the two pools then on the basis of periodic well tests.

Administrative Order PC-169 is hereby amended to permit the aforesaid commingling in the above-described manner.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
