Administrative Order FC-177

Gentlemen:

Reference is made to your application dated October 29, 1964, wherein you request authority to commingle Vacuum Glorieta production from your State of New Mexico "T" (NCT-4) Lease comprising the SE/4 NE/4 of Section 25, Township 17 South, Range 34 East, and Vacuum (Glorieta, Blinchery, Wolfcamp, North Abo, and Pennsylvanian) production from your State of New Mexico "Q" comprising the NE/4 and S/2 SE/4 of Section 25, Township 17 South, Range 34 East, Lea County, New Mexico, after separately metering the production from each pool. It is our understanding that the ownership of each of the two leases is common throughout and that the production will therefore be allocated to each of the leases on the basis of periodic well tests.

Pursuant to the authority granted me under the provisions of Rule 303 (b) and Rule 309-B of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools and leases in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters. You are also requested to notify the Hobbs District Office of the Commission at such time as the installation is complete in order that an inspection may be made of the installation prior to putting it in operation.

Administrative Order FC-177, which previously authorized the commingling of Glorieta, Blinchery, Abo, Wolfcamp, and Pennsylvanian production on your State "Q" Lease is hereby cancelled.

Very truly yours,

A. L. Porter, Jr.
Secretary-Director
