RE: Request to commingle Seven Rivers Production with  
previously approved Premier Sand Production  
located Sec. 22-17S-28E, Eddy County

Gentlemen:

Administrative Order CTB-1111 from the Oil Conservation  
Commission granted you permission to commingle Premier  
Sand Production. Well #10 Seven Rivers has the same  
royalty ownership and is in lease B-1111 which is also  
included above, so, therefore, we have no objection to  
the above request.

Thank you for your plat.

Very truly yours,

E. S. JOHNNY WALKER
