P. O. Box 847  
Hobbs, New Mexico

Attention: Mr. Laster L. Duke

Administrative Order EC-229

Gentlemen:

Reference is made to your application dated August 24, 1964, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Terry-Blinebry and Drinkard production on your "State" Lease comprising Lots 3, 4, 5 and 6 of Section 2, Township 21 South, Range 37 East, Lea County, New Mexico, allocating the production on the basis of periodic well tests. It is our understanding that the production from both of the aforesaid pools is of marginal nature.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," and provided further, that you shall notify the Commission at such time as any well in either of the aforesaid pools is capable of top allowable production.

Very truly yours,

A. L. Porter, Jr.  
Secretary-Director

REPORT ON THE PROGRESS OF THE  
RESEARCH WORK  
DURING THE YEAR 1958

1. Introduction

2. Summary

3. Discussion

4. Conclusions

5. References

6. Appendix

7. Bibliography

The first part of the report deals with the general situation of the research work during the year 1958. It is followed by a summary of the results obtained. The discussion then follows, and finally the conclusions are drawn. The references are given at the end of the report, and the appendix contains the detailed data.

The second part of the report deals with the detailed results of the research work. It is divided into several sections, each dealing with a different aspect of the work. The first section deals with the general results, and the following sections deal with the results of the various experiments.

1958

1958

1958

The following table shows the results of the various experiments. The first column gives the name of the experiment, and the following columns give the results of the various measurements.
