Re: Revision of Commingling Order No.
PC-243, Commingling of Production,
TEXACO Inc., S/2 of SE/4, Section
12, T-20-S, R-37-E, M. B. Weir
"B" Lease, Lea County, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with Section II - "Commingling Between Pools or Zones", Item I - "Marginal Zones" of the current New Mexico Oil Conservation Commission's "Manual for the Installation and Operation of Commingling Facilities", TEXACO Inc. respectfully requests permission to commingle the liquid hydrocarbon production from the Skaggs, Skaggs Drinkard and East Weir Blinebry Pools on that portion of the M. B. Weir "B" Lease located in the S/2 SE/4, Section 12, Township 20 South, Range 37 East, Lea County, New Mexico without separately measuring production from the Skaggs and East Weir Blinebry Pools prior to commingling.

Commission Order No. PC-243, dated November 6, 1964, granted authority to commingle the aforesaid production after separately measuring production from the Skaggs and East Weir Blinebry Pools and determining the production from the Skaggs Drinkard Pool by subtraction. Since the initiation of this commingling procedure producing capacity has declined such that no well is capable of producing top allowable as indicated on the attached 60-day production tabulation.

In view of the above mentioned facts, it is respectfully requested that Commission Order No. PC-243 be amended to permit commingling the aforesaid production without separately measuring production from the Skaggs and East Weir Blinebry Pools prior to commingling.

Yours very truly,

J. G. Blevins, Jr.
Assistant District Superintendent
