PC-248, December 7, 1964

Dear Sir:

We are forwarding attached the original and one (1) copy of Form C-116 Gas-Oil Ratio Report covering our N. W. Federal #3-6 and #4-8 wells, for the Gallup Gas Pool and Basin Dakota Gas Pool.

These wells were initially connected to a gas sales line on April 16, 1965 and the initial gas potential tests were completed on May 17, 1965. Both the Gallup and Dakota zones were on production at the same time during this test period. These initial gas-oil ratio tests required per your Administrative Orders are for June, 1965.

Unless otherwise directed by you, we will submit these tests each month.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.
