Attention: Mr. Joe Ramey

Dear Sir:

Surface Commingling, Lockhart A-27 Lease, Section 27, T-21S, R-37E, Lea
County, New Mexico

Reference is made to your amended commingling order PC-256 authorizing surface commingling of the Blinebry oil and gas pool, Tubb gas pool, Drinkard oil pool and Wantz Abo pool from all wells on the subject lease. Drinkard production from Well No. 5 was to be metered separately since it was a top allowable well.

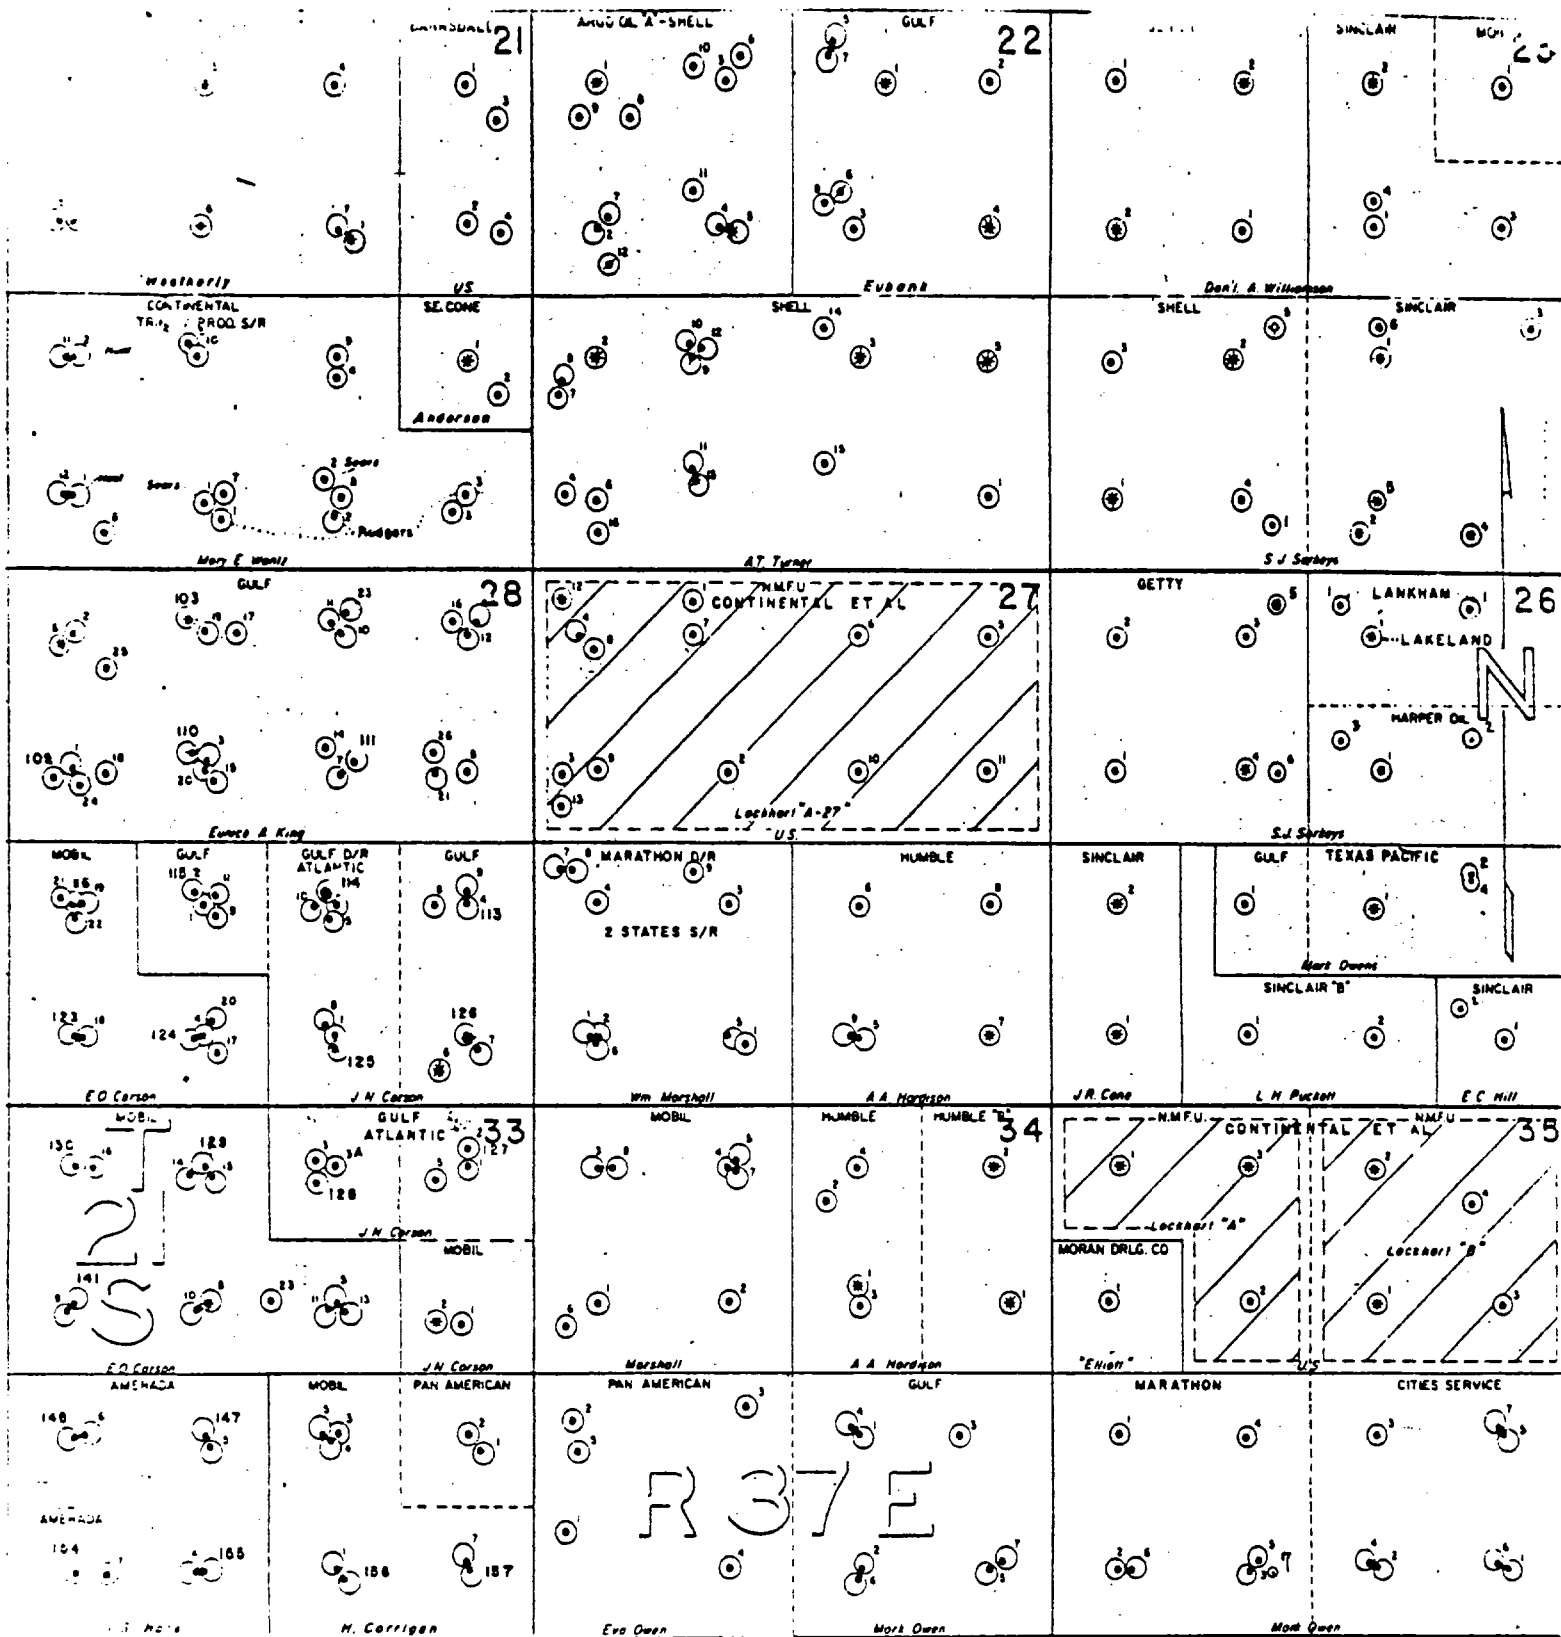

Lockhart A-27 No. 5 Drinkard is now a marginal well and we are requesting your approval to discontinue its metering and allocate the production by well tests.

Attached for your review is a lease plat, a copy of form C-115 showing production volumes for the well, and a copy of Bureau of Land Management approval.

Yours very truly,

A handwritten signature in cursive script, appearing to read "Mark K. Mosley".
