Re: Revision of Commission Order No. PC-266,
Commingling of Production, TEXACO Inc.
E. H. B. Phillips "B" Lease, Lea County,
New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

In accordance with Section II - "Commingling Between Pools or Zones", Item 1 - "Marginal Zones" of the current New Mexico Oil Conservation Commission's "Manual for the Installation and Operation of Commingling Facilities", TEXACO Inc. respectfully requests permission to commingle the liquid hydrocarbon production from the Monument Tubb and Skaggs Drinkard pools on the E. H. B. Phillips "B" Lease consisting of the NW/4 of the NW/4, the E/2 of the NW/4 and the W/2 of the NE/4 of Section 10, Township 20 South, Range 37 East, Lea County, New Mexico, without separately measuring production from the Monument Tubb pool prior to commingling.

Commission Order No. PC-266 granted authority to commingle the production from the aforesaid pools after separately measuring production from the Monument Tubb and determining the Skaggs Drinkard production by the subtraction method. Production has declined so that no well on this lease is currently capable of producing top allowable as indicated on the attached 60-day production tabulation.

In view of the aforementioned, it is respectfully requested that Commission Order No. PC-266 be amended to permit commingling the aforesaid production without separately measuring production from the Monument Tubb pool prior to commingling.

Yours very truly,
