Administrative Order PC-278

Gentlemen:

Reference is made to your application dated June 21, 1965, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Nonombre Upper Pennsylvanian and Nonombre Lower Pennsylvanian production on your State "C" Lease which comprises the S/2 of Section 32, Township 13 South, Range 34 East, Lea County, New Mexico, after separately measuring the Nonombre Lower Pennsylvanian production and determining the Nonombre Upper Pennsylvanian production by means of the subtraction method.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided, however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters. Please notify the Hobbs District Office at such time as this installation is complete in order that an inspection may be made of the installation prior to putting it in operation.

Very truly yours,

A. L. Porter, Jr.
